Washington Believes "Watchful Waiting" at End in American Policy.

General Demand is to be Made to Protect Our Citizens in Carranza Territory.

BY ARTHUR SEARS HENNING.

(EXCLUSIVE DISPATCH.)

WASHINGTON, July 3.—A radical change in the administration's policy of "watchful waiting" in the Mexican situation may be expected immediately on the return of President Wilson next week.

This assurance has been given by Senator King of Utah, a Democrat, and one of the administration's strongest supporters, who has been giving the closest attention to the Mexican situation. The Senator's statement was made while discussing the murder of John W. Correll, an American citizen, near Tampico June 16, news of which was suppressed by the State Department until it was exposed Tuesday.

Senator King expressed the opinion that the administration would make a demand, amounting practically to an ultimatum, on the Carranza government for guarantees of the protection of American lives and property in Mexico accompanied by a frank notice that unless the Carranza government restores order and restores the peace treaty on Saturday, according to Senator King, the United States will be compelled to intervene.

There has been a marked change in the Mexican situation since the signing of the peace treaty on Saturday, according to Senator King. He has sent an American army to occupy Mexico and restore order there before the signing of the peace treaty.

WASHINGTON, July 3.—The British dirigible R-34, on route to the United States on an attempted round trip trans-Atlantic flight, is expected to reach Mincola, L. I., sometime tomorrow, a British Admiralty wireless picked up by the Otter Cliffs, Me., radio station late today and relayed to the Navy Department said. The message said the dirigible was expected back at its home station at East Fortune, Scotland, by Monday, indicating that the stay of the dirigible in the United States would be very brief. The dispatch follows: "Wireless reports from airship received this morning report satisfactory progress. Flying by her course and speed, she should reach Long Island tomorrow, Independence Day, and she should be back in East Fortune on Monday afternoon."

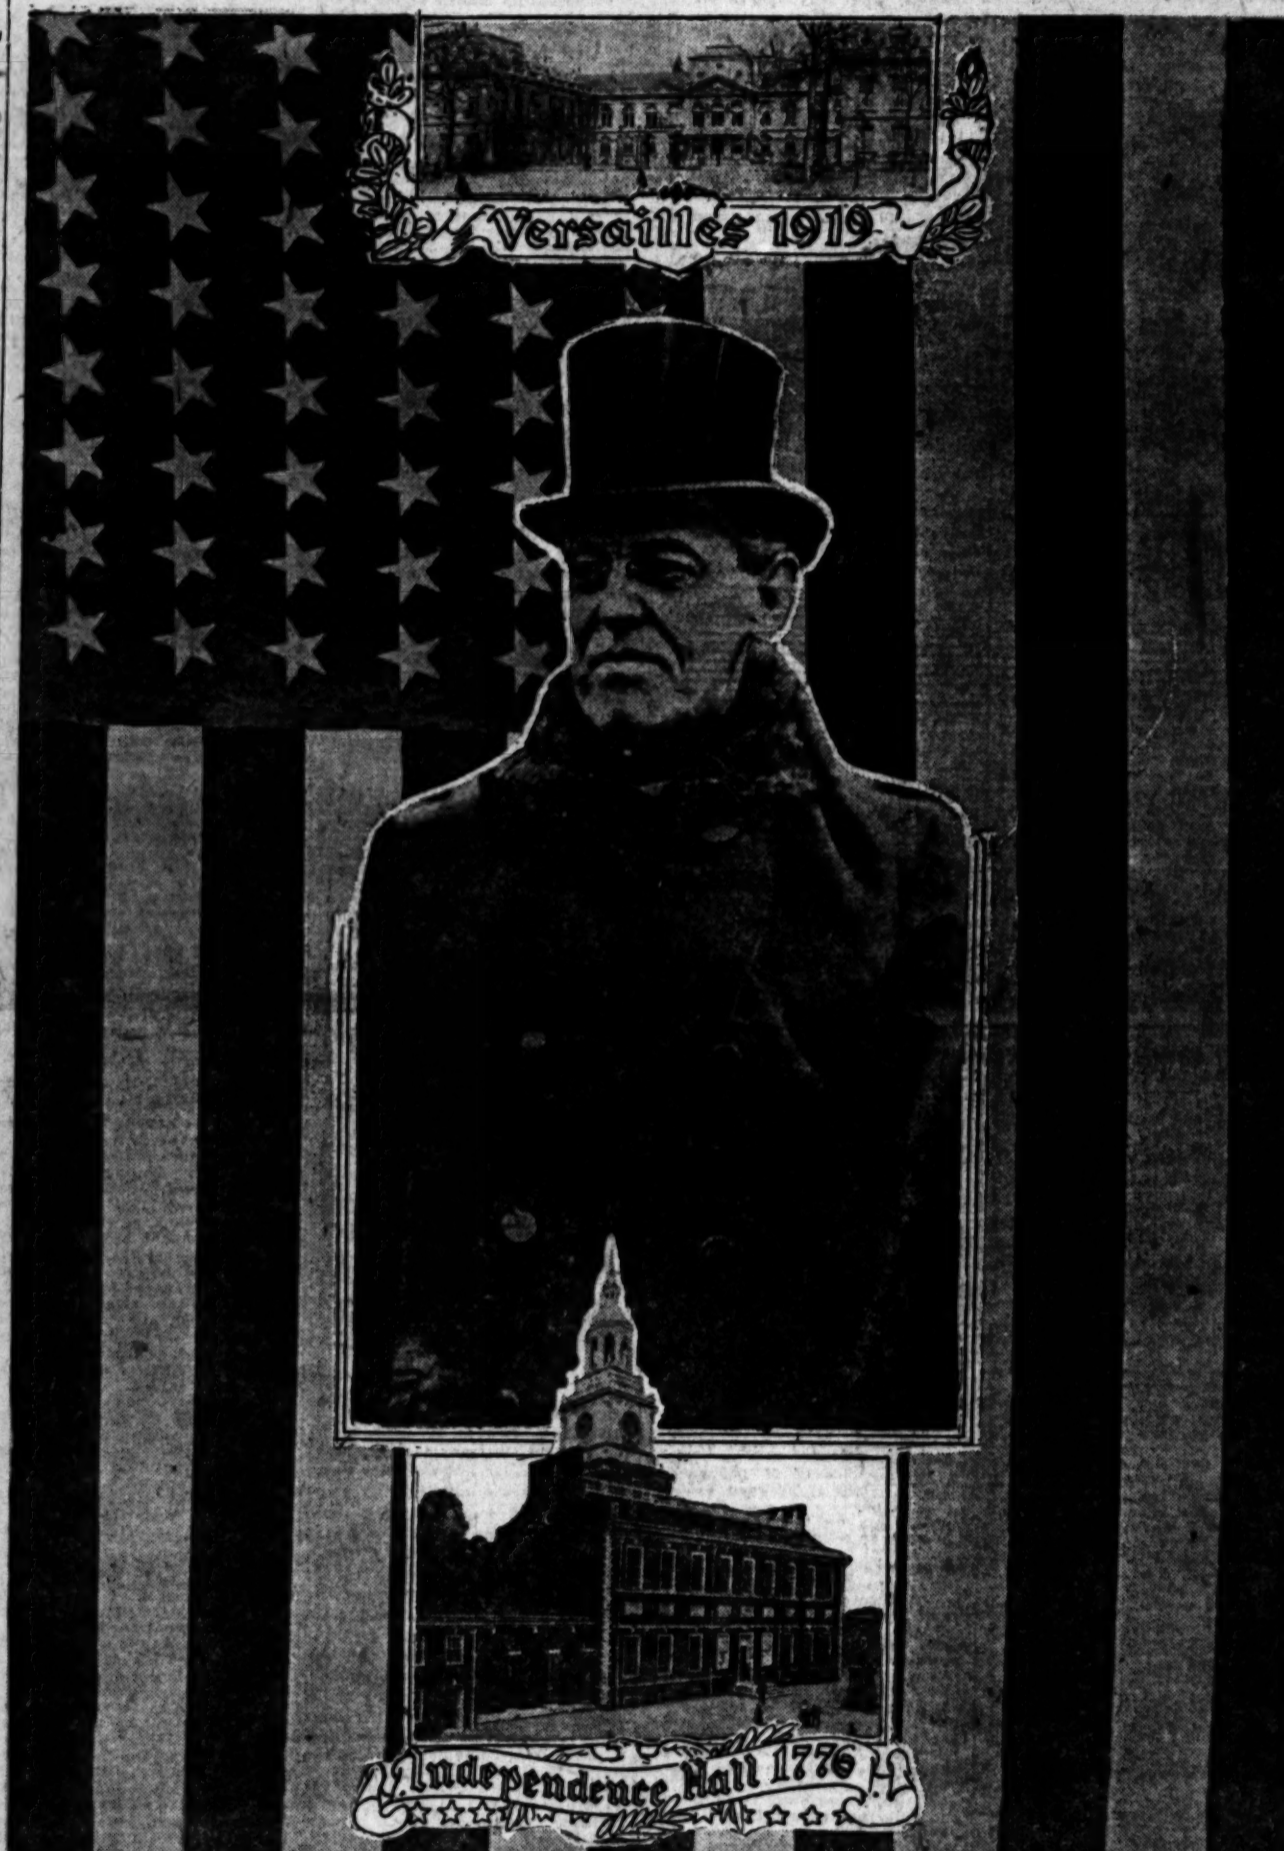

MAY MISS ST. JOHN'S (BY A. P. NIGHT WIRE.)

ST. JOHN'S (N. F.) July 3.—The British dirigible R-34 was about 400 miles northeast of St. John's at 10 p.m., Greenwich time, according to a message received tonight at the Admiralty wireless station here. The message stated the airship was making good progress.

British naval officers said the craft would not pass over this city tomorrow morning unless she alters considerably her present course, which would carry her well north of here. It was said if she followed her present course she probably would pass over Bonaville Bay and diagonally over Newfoundland to Fortunate Bay on the south coast. In this case, the officers said, she probably would proceed across maritime Canada and Newfoundland to New York.

BANDITS RAID PALOMAS RANCH.

EL PASO, July 3.—Mexican bandits raided the ranch of the Palomas Land and Cattle Company, a Los Angeles corporation, June 27, driving off forty head of steers. H. S. Stephenson, general manager, announced here today. A letter signed "Maximo Cervantes" was left at the ranch, saying the bandits would kill any of the ranch managers and employees who attempted to follow them. The Palomas ranch is west of Columbus, N. M., in Chihuahua.

THE DAY'S NEWS SUMMED UP

THE SKY. Clear. Wind at 5 p.m. light; velocity, 9 miles. Thermometer, highest, 79 deg.; lowest, 56 deg. Forecast: For Los Angeles and vicinity: Friday, fair, except cloudy in the morning; westerly breeze. For complete weather data see last page of this section.

THE CITY. Negotiations for the settlement of the shipyard labor dispute fell through, a deadlock being reached on the old question of the method of balloting for the employees' committee.

Chairman of the Street Railway Employees' Union committee declared today in favor of a strike, but only as a last resort, and they still hope for an amicable settlement.

Advised by the British government that our schools are the enemy's base, an English expert came here to study the system and the facilities provided are marvellous.

Mexican judge's daughter, said to be only 13, was taken from her husband, who faces a delinquency charge, and is held in juvenile hall. Presence of a free-love colony in the Russian section was indicated by a man who introduced "Hello, ladies said illicit love is practiced here."

SOUTHERN CALIFORNIA. Fleas caused at \$5000 crematorium in fire at Long Beach.

It is injured in automobile accident at Santa Ana.

Senator Barbara welcomes returned soldiers at fiesta celebration. Many Southland cities plan victory parades today.

Standard Oil Company pays more than \$500,000 taxes in Orange county.

PACIFIC SLOPE. Warrants issued for arrest of Rainey brewery.

officials for violation of war-time prohibition. Water consumption in New York increases 23,000,000 gallons.

Power plant electricians on Pacific Coast asked to take strike vote to aid telephone workers. Government prevents suits against companies.

Nation-wide burst of Bolshevism planned today by union radicals with bomb outrages contemplated and a five-day strike is ordered. Mooney demonstration.

WASHINGTON. Official Washington believes President will immediately issue ultimatum to Carranza to protect American lives and property or intervention will follow.

Higher prices are predicted and shortage of supply in the United States if war-time export shipments are continued.

GENERAL EASTERN. President's ship reduces speed on lumpy sea and now is not expected to arrive before Tuesday noon. Wilson will speak today into wireless telephone that may be heard by ships 300 miles distant.

British dirigible R-34, on trans-Atlantic round trip, is expected to arrive at Mincola, L. I., this afternoon.

New York and Chicago police mobilized as precaution against activity of reds. Pittsburgh warned of dynamite threats.

FOREIGN. New earthquake in Mugello Valley, Italy, reduce many buildings cracked by tremor Sunday to ruins, but no loss of life is reported.

Text of tentative alliance with France, entered into by President Wilson, is made public in Paris. Binds America to aid against German aggression as arm of League of Nations.

WILSON'S VOICE TODAY TO CARRY 300 MILES.

ON BOARD U.S.S. GEORGE WASHINGTON, July 3.—The George Washington, with President Wilson on board, probably will not reach New York before noon Tuesday, next. The Presidential fleet slackened its speed during the night and now is running at about fifteen knots an hour.

The weather continues good although the sea was rather lumpy today. The President is devoting most of his time to his message to Congress. His address to the soldiers and bluejackets on board on the Fourth of July will be delivered at 3 p.m.

A novel feature on the occasion of the Independence Day exercises will be the first use at sea of the wireless telephone for transmitting the Presidential speech. A transmitter will be placed alongside of the President, so that as he addresses the soldiers on board the ship his words will be heard on board all transports within a radius of 300 miles.

President Wilson today sent a message to President-elect Pessoa of Brazil, in New York, expressing his regret that he was not in the United States to greet the Brazilian statesman and extending his best wishes to him and the hope that his visit had been a pleasant one.

WASHINGTON, July 3.—President Wilson is expected to land at Hoboken at 2:30 o'clock next Tuesday afternoon. Under present plans he will cross to Manhattan on the Twenty-third-street ferry and motor up Fifth avenue to Carnegie Hall, where a reception will be held. After delivering a brief address he will leave for Washington.

FRENCH JOIN YANKS IN CELEBRATING 4TH.

PARIS, July 3.—The Independence Day celebration in France, began formally this afternoon with a brilliant reception at the Hotel de Ville in honor of Gen. Pershing and Rear-Admiral Harry S. Knapp. Among the guests were Hugh C. Wallace, American Ambassador to

France; Marshal Foch, Gen. Weygand of Marshal Foch's staff, many members of the diplomatic corps and officers of both the American and French armies and navies. M. Evain, president of the municipal council, greeted the guests. "The Fourth of July is henceforth a popular fête day in France something like our Fourteenth of July," M. Evain said, "because for us these two days make only one, our sentiments are so intimately bound to yours."

Oakland Starts Roundup of Radicals; Spokane Asks Federal Protection.

(BY A. P. NIGHT WIRE.)

OAKLAND, July 3.—Forewarned, they charged, of a plot to start an uprising here tomorrow as part of a nation-wide demonstration by radicals, Oakland police this afternoon began a round-up of alleged "reds" on warrants issued under the new State syndicalism act.

The first two arrested were Alexander Venho, aged 33, and David A. Graham, aged 38, driller's helpers in a local shipyard. They were taken while at work. Warrants for fourteen more have been prepared, the police announced.

Plans for a burst of Bolshevism on July 4 are declared to have been carefully laid and the officials say they have proof of a plot, the discovery of which may result in breaking up a dangerous nest of radicals.

The officials said that they would have startling disclosures to make as soon as the remaining warrants are served.

EXTRA VIGILANCE ORDERED.

SAN FRANCISCO, July 3.—Police headquarters here announced today the department anticipated no trouble tomorrow arising from any demonstration in connection with the proposed Mooney strike. Orders to maintain extra vigilance were issued to the neutrality squad but there were no arrests of alleged radicals.

Thomas Mooney from his cell in San Quentin Prison denied a statement discounting reports that violence was anticipated in connection with the strike on his behalf. "If bombs are exploded on July 4," he said, "they will be the work of forces active to discredit or

Allies not to Seek Death Penalty at Trial; Banishment for Life Instead.

Crown Prince may Also be Arraigned Before International Tribunal.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, July 4.—William Hohenzollern, the former German Emperor, will be brought to England in a British ship and imprisoned in the Tower of London, according to the Daily Mail.

The death penalty will not be sought, the newspaper points out, but if he is found guilty the Allies will ask his banishment for life to a remote island, following the precedent of Napoleon's exile on St. Helena.

The international trial court had intended to try the former Emperor alone, the Daily Mail says, but it is possible that the former Crown Prince, Frederick William, will also be arraigned before it.

LONDON, July 3.—Premier Lloyd George delivered in the House of Commons this afternoon an explanation of the peace treaty, which he described as "the most momentous document to which the British Empire ever affixed its seal."

Though showing the effects of his long labors at Paris, and lacking his usual fire, the Premier at times made impassioned utterances.

CITIES PREPARE FOR REDS.

New York and Chicago Mobilize Police for Continuous Duty Until Monday.

(BY A. P. NIGHT WIRE.)

NEW YORK, July 3.—Every man of New York's police and detective force, more than 11,000 in number, was mobilized tonight to remain on continuous duty until Saturday morning as a precaution against another possible attempt by anarchists to inaugurate a wave of terror on Independence Day. Special guards were thrown about the city's public buildings and the homes of prominent citizens.

As an added precaution, plans were perfected for the rapid mobilization of the city's regiments of State guard in the event of any widespread disturbance. The City Hall, the subtreasury, the criminal courts building, St. Patrick's Cathedral and several other important public buildings and churches were placed under guard.

Guards also were sent to the homes of former Senator Clark of Montana, Cornelius Vanderbilt, Henry C. Frick, Andrew Carnegie, Mrs. Finley S. Shepard and others. Brig.-Gen. Dyer of the New York State Guard has issued instructions to regimental commanders for speedy mobilization in event of any radical demonstration.

CHICAGO IS PREPARED.

(BY A. P. NIGHT WIRE.)

CHICAGO, July 3.—Although no evidence of any plot by radicals for

an unlawful demonstration tomorrow had been found, the police and Federal authorities announced today they were prepared for any emergency. All policemen were held on duty from 6 p.m. until Monday noon.

Homes of officials and others and industrial plants in this city to maintain special guards as a precaution against bomb outrages tomorrow was contained in a telegram from George F. Lamb, acting superintendent of State police at Harrisburg, received this afternoon by Chief of Detective Clyde E. Edburn.

The telegram said the State police had received reports of threats of large quantities of powder and dynamite in different parts of the State in the last few days, believed to have been stolen by radicals.

PEACE OFFICERS TO WATCH FOR REDS

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 3.—Every law-enforcing agency in the country will co-operate tomorrow in preserving order against proposed plans of anarchists and other radicals to create a reign of terror by bomb explosions.

Officials of the Department of Justice have said they know of no concerted plot set for Independence Day, but no chances are being taken. The bureau of investigation has enlisted the police of all large cities in its purpose to put an end to criminal agitation. The plans have not been divulged, but it is known that many suspected persons have been under surveillance and that they will be arrested on the least suspicious move.

ances and was loudly cheered. The announcement that the former German Emperor would soon be placed on trial before a tribunal sitting in London, was cheered most of all, while his presentation of the Anglo-French convention, providing for British aid if Germany should attack France unprovoked—a convention analogous to one between the United States and France—was greeted with unrestrained approval.

The scene recalled some of the great speeches of the war. Lloyd George, standing on the balcony of the House of Commons, was cheered and applauded by the thousands of soldiers and sailors who were present. He held the Peace Conference's efforts to prevent war, and the failure of the peace conference, as the cause of the world's miseries. He declared that if such a course had been followed after other wars, there would have been no war. It was the intention to make such an example of Germany as to discourage others from "ever again attempting to repeat this infamy."

The Premier paid special tribute to the work of the British expert advisers, which, he said, had been the object of the admiration of the nations at the conference, and ended with an appeal for the victory loan, with one of his typical flashes: "Don't demoralize the spirit of patriotism."

Speaking of the territorial terms of the treaty, Mr. Lloyd George said the territory taken from Germany was a restoration of Alsace-Lorraine, he said, taken from the land to which its population was deeply attached. It was a restoration of Schleswig-Holstein, the taking of which he described as the "means of restoring to the German people a part of their own land, a part of their own life, a part of their own history."

KILL ANOTHER AMERICAN.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 3.—Leroy Moss, an American citizen, employed by the Mexican Gulf Oil Company, was murdered by Mexicans in the Tampico oil fields, last Tuesday night, according to dispatches today to the State Department.

Dispatch Secretary Phillips immediately cabled the American Embassy at Mexico City to make urgent representations to the Mexican government for the apprehension and punishment of the murderers.

Moss was a native of Alabama, and his home was in Livingston, Tex.

The attack occurred at Tepic, which officials here said was in a portion of the Tampico district controlled entirely by Carranza forces.

Three Cow-punchers Meet in Duel and Kill French Way—Nobody Hurt.

(EXCLUSIVE DISPATCH.)

SAN BERNARDINO, July 3.—Three cattle-punchers met just before sun up today three miles east of Government Hole, in the Ivanpah Valley region of the desert, and fought it out in an all-fashional duel. Sheriff W. A. Shay and his posse arrested all three of the men, and halted further gun play, temporarily at least.

Pat Woods, his son, Roy Woods, and Ed Holliman, shot it out when they met on horseback, first using six-shooters and then revolvers. The three men were carrying both rifles and six-shooters. Pat Woods's horse was shot under him and Roy Woods's hat was shot from his head. Witnesses disagreed as to who opened the battle.

SPOKANE, July 3.—Refusal of Federal and State authorities to order the use of troops in Spokane as a protective measure against a strike by the Spokane Police, W. H. Hiley, commissioner of public safety, said today in a statement that they lacked authority to order the troops. The petition then was carried to Washington and Olympia.

Commissioner Hiley said requests for troops had been made by the Spokane Police, but that the State Department had refused to order the troops. The petition then was carried to Washington and Olympia.

(EXCLUSIVE DISPATCH.)
OMAHA, July 3.—Mrs. Rose Grotto was today given a divorce from Charles Grotto for the second time. Grotto insisted on paying alimony of \$150 a month for the support of a child.

(EXCLUSIVE DISPATCH.)
ST. PAUL, July 3.—The selection of a successor to Oscar E. Keller in the City Council will furnish the main topic for the next big political battle in this city. The choice of Keller's successor is up to the voters, and as the election cannot be held until a vacancy is created by Keller's resignation, there will be a long delay.

(EXCLUSIVE DISPATCH.)
MILWAUKEE, July 3.—Unless specific orders are received from Washington there will be no prosecution here for selling beer. Federal District Attorney Sawyer said today that the Wisconsin Association of Letter Carriers asked Burlington at their annual convention today.

(EXCLUSIVE DISPATCH.)
ST. LOUIS, July 3.—Lieut. Col. Earl G. Brown, staff officer of the Eighty-ninth Division, who was captured by the Germans when he and an orderly were on reconnaissance in the Bannockburn Wood during the Argonne battle, has returned to St. Louis and is visiting his father-in-law, Jules Desloges.

STATE BREWERS' ARREST ORDERED

Rainier Officials Accused of Violation of Dry Law.

Water Used in New York Increases 23,000,000 Gallons.

Demand for Soda Fountains Swamps Manufacturers.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, July 3.—United States Attorney Annette A. Adams, acting, she said, on instructions from the Department of Justice at Washington, caused warrants to be issued today for Louis Henrich, president of the Rainier Brewing Company, and Rudolph Samet, manager, charging violation of the war-time prohibition act.

The offense alleged was the manufacture and sale of beer containing more than one-half of one per cent. of alcohol. The Rainier Brewing Company in advertisements had announced today that it was manufacturing and had for sale beer containing 2 3-4 per cent. of alcohol.

Henrich and Samet both were out of town this afternoon and their attorneys, Theodore A. Bell, promised they would appear Monday in the District Federal Court here before Judge William Sawtelle by whom the warrants were issued.

Application by Bell for an injunction to restrain United States Attorney Adams from seeking to interfere with manufacture by the Rainier Company of beer containing not more than 2 3-4 per cent. of alcohol was dismissed Tuesday by Judge Sawtelle. He ruled a court of equity had no power to restrain a prosecuting officer.

Justice Bell, internal revenue collector, called attention today to the great number of applications received at his office for the \$25 revenue stamps required of liquor dealers. Two thousand applications have been received, he said, and with each stamp issued it was made clear to the recipient that the stamps gave their holders no rights for the sale of liquor.

NO COLORADO REFERENDUM.

(BY A. P. NIGHT WIRE.)
DENVER (Colo.) July 3.—The Colorado Supreme Court today denied an application for a writ of mandamus, asked by representatives of anti-prohibition forces, to compel the Secretary of State to accept a petition for referendum on the action of the last State Legislature in ratifying the national prohibition amendment.

ATLANTIC CITY (N. J.) July 3.—Nine saloon keepers were held in \$100 bonds in Atlantic City today for the United States commissioner, charged with violating the war emergency dry law by selling whisky and wine.

Apparently no charge of beer selling was lodged against the offenders. There was a great rush of patrons today to the Waldorf, one of San Francisco's largest saloons, when a sign appeared in the window: "Five per cent. beer for sale here."

William Roop, the manager, said he had purchased an internal revenue license and was told at the collector's office that he "could sell 10 per cent. beer if he wanted to."

Justus Wardell, collector of internal revenue, denials of information had been given to Roop, and said all purchasers of Federal licenses were being told that possession of a license gave them no privileges for the sale of liquor. This afternoon the sign was taken from the Waldorf window.

WATER IN NEW DEMAND.

(BY A. P. DAY WIRE.)
NEW YORK, July 3.—As an evidence that New York has accepted prohibition with fervor, the city citizens, for one reason or another, were exceptionally thirsty July 1, the chief statistician of the water department bureau announced today that 23,000,000 more gallons of water were consumed on the birthday of the great drought than on June 30.

CHICAGO, July 3.—Soda fountain manufacturers have been swamped by orders for fountain equipment. The largest firms announced today in connection with a 12 1/2 per cent. wage increase effective July 1. Enforcement of liquor laws was given as the reason. Dispensers of soda said that in the two days of prohibition their business had increased 50 per cent.

MANTOBA LOSES ITS DIRECT LEGISLATION.

(BY A. P. NIGHT WIRE.)
OTTAWA (Ont.) July 3.—The province of Manitoba's initiative and referendum law was held to be unconstitutional by the Imperial Privy Council, according to cable advice received today from London. The decision, in dismissing Manitoba's appeal, held that the provincial government lacks the right to institute "direct legislation."

The Privy Council at the same time affirmed Manitoba's right to grant divorces, as a result of which, local barristers predict, there will be a rush of from 200 to 250 husbands or wives with separation petitions to the courts at Winnipeg.

Belgian Offers Canada Memorial.

BRUSSELS, July 3.—The Belgian Minister of the Interior has offered a parcel of land in the neighborhood of Ypres to the Canadian authorities for erection of a war memorial recalling the tribute paid by Canadian troops on Belgian soil during the war.

The Broadway Department Store Management Has Decided on a Remarkable Measure

In That Plans Have Been Completed for

The Closing of the Store Every Saturday Afternoon Throughout the Year

—This was the announcement made by Mr. Arthur Letts to his 1500 employees on Thursday, July 3rd, directly after closing hour.

—No need to dwell here on the resounding cheers that greeted this wholly unexpected announcement!

—Our purpose is to acquaint the public with the decision at which the management has arrived.

—Mr. Arthur Letts has, since his arrival in Los Angeles, twenty-three years ago, been a pioneer in forward movements for the benefit of employees.

Twenty Years Ago

—when the house was the merest fraction of its present size, the number of employees being correspondingly small, Mr. Letts announced that the store would be closed one afternoon weekly during July and August. This was followed by doing away with the Saturday evening business hours and, later, by cutting off one business hour daily, bringing into effect the present store hours.

Now the Broadway Department Store

—has made another step. So that all employees may have the enjoyment of a weekly half holiday, the store will close every Saturday in the year at 1 P.M.

—Happy employees make for good business!

It Is Particularly Appropriate

—that such an announcement should be made on the eve of July 4th—Independence Day—a holiday that is associated with the progressive measures which have always characterized this nation.

With the Exception of Saturday, July 5, The Broadway Department Store Will Be Open Each Saturday Morning in July and August from 9 A.M. to 1 P.M.

WILL PROSECUTE BEER VENDORS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, July 3.—In line with the announced policy of the Department of Justice to proceed immediately to bring test cases in all jurisdictions where beverages containing more than one-half of one per cent. of alcohol are being sold, Asst. Atty.-Gen. Frieron today issued orders to all district attorneys in "wet" territory to prosecute all cases thus arising.

Specific instructions were sent to the district attorneys of San Francisco and Chicago, where alleged violations of the war-time prohibition law had been reported, to act at once to have the courts there decide whether 2 3/4 per cent. drinks are intoxicating.

A report from the District Attorney at Atlantic City said a number of arrests had been made there and that the sale of alcoholic drinks had been stopped.

Government Control may Prevent Cities Suits.

(BY A. P. NIGHT WIRE.)

OAKLAND, July 3.—Power company employees, members of Electrical Workers' Union No. 238, sent a message today to all power company workers on the Pacific coast, asking them to vote on the question of calling a strike, if the power companies continue to serve the Pacific Telephone and Telegraph Company, whose electricians and operators walked out to enforce their demands. This announcement was made by C. A. Jordan, business agent of union 238.

GOVERNMENT BARS SUIT.

(BY A. P. DAY WIRE.)

FRENO, July 3.—The action of the government in not turning back the company the telephone lines as set as a bar against any action by the city of Fresno, at this time, to try to revoke the franchise of the Pacific Telephone and Telegraph Company here. This statement was given out here early this morning by City Attorney E. S. McFar, who has just returned from San Francisco, where he had been in conference with the Attorney-General's office and the City Engineer of Oakland.

NEW TEMBLORS ROCK ITALY

(BY CABLE AND ASSOCIATED PRESS.)

BORGIO SAN LORENZO (Italy).—Wednesday, July 3.—Several new earth tremors occurred in Mugello Valley today, but there was no loss of life. Several buildings, cracked by the earthquake of Sunday, fell into ruins. The inhabitants of the valley, are living in tents as far as possible, being afraid to return to their homes and the possibility of being buried under falling walls. The deaths in the Mugello section Sunday, were not as numerous as at first reported. The number of dead will not reach 100. Concerning casualties on the other

DENIKINE HAS TZARITZIN.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, July 3.—The forces of Gen. Denikine, the anti-Bolshevik leader in Southern Russia, have occupied the city of Tzaritzin, on the Volga River, south of Saratov, according to a Russian wireless report today. The city previously had been abandoned by the Bolsheviks.

The Electrical Workers' Union, and the newly formed telephone girl operators' union predicted a deadlock, with no settlement in sight.

MANAGER ARRESTED.

(BY A. P. DAY WIRE.)

BAKERSFIELD, July 3.—G. C. Gross, local manager of the Pacific Telephone and Telegraph Company, was today arrested upon a warrant issued by Justice of the Peace Sennell. The complaint was sworn to by W. C. Dorris, a local attorney, who charged that the Pacific Telephone and Telegraph Company "failed to provide a dormitory with shower bath" for the non-union employees, on duty in the company building. At the outbreak of the strike, costs

were installed within the building for the strike-breaking girls.

URGE NEW CONFERENCE.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) July 3.—The Oregon Board of Conciliation today telegraphed to the postoffice department, a demand that the San Francisco conference between Pacific Telephone and Telegraph companies and union representatives looking to settlement of the present strike be resumed. At today's meeting of the conciliation board, representatives of both sides were heard, and all agreed that nothing could be done toward settling the strike in Oregon, except through action to be taken at company and union district headquarters in San Francisco. Telephone strike conditions showed no change here today. Service given by the Pacific Telephone and Telegraph Company was fairly efficient, although still somewhat limited. Strike conditions in other Oregon towns where the operators and electricians have gone out, were unchanged.

SITUATION IN WASHINGTON.

(BY A. P. NIGHT WIRE.)

SPOKANE, July 3.—A voluntary wage increase of one to three dollars weekly was granted 150 girl telephone operators in the employ of the Home Telephone and Telegraph Company, a subsidiary of the Pacific Telephone and Telegraph Company, here today, according to an announcement of company officials. The increase, it was stated, averages \$2 weekly.

The operators have not been on strike and the increase, it was stated, has no connection with the strike of approximately thirty electrical workers against the local telephone company. The strike situation was unchanged today.

Under the new scale the minimum wage for operators now runs from \$12 to \$15.50 weekly.

SEATTLE, July 3.—Striking telephone operators, it became known today, have advised the Seattle Central Labor Council that there is every indication that the telephone tie-up will be complete throughout the Northwest by the end of this week.

Miss Blanche Johnson, chairman of the telephone operators' strike committee, has asked the council for financial aid and moral support. The council gave the strikers \$1000 worth of Thrift Stamps and promised to do more.

TACOMA, July 3.—Sixty telephone operators employed by the Pacific Telephone and Telegraph Company here joined with the fifty-eight electricians in a strike against the company, according to a statement given out by the strike committee of the electricians this morning. Manager John Schlarb of the telephone company said only six had struck.

SPOKANE'S ELECTRIC LINES ARE TIED UP.

EMPLOYEES DEMAND RETRO-ACTIVE INCREASE TO FEDERAL WAGE SCALE.

(BY A. P. NIGHT WIRE.)

SPOKANE, July 3.—Electricians and shapemen employed by the Spokane and International and Empire Railway went on strike at 3 p.m. today. Shop foremen and foremen in charge of distribution remained at their posts in order, it was stated, to permit the cars on their runs to return to the barns.

More than 150 miles of city and interurban lines of the company were tied up by the strike, which was called in support of demands of the electrical workers for back pay and a wage increase to the scale authorized by the Federal Railroad Administration for Federally controlled roads.

E. F. Connors, receiver for the company, takes the position that it is impossible to grant demands of the men on account of the status of the company's affairs without authorization from the Federal court.

BURLESON SAYS THERE HAS BEEN NO STRIKE.

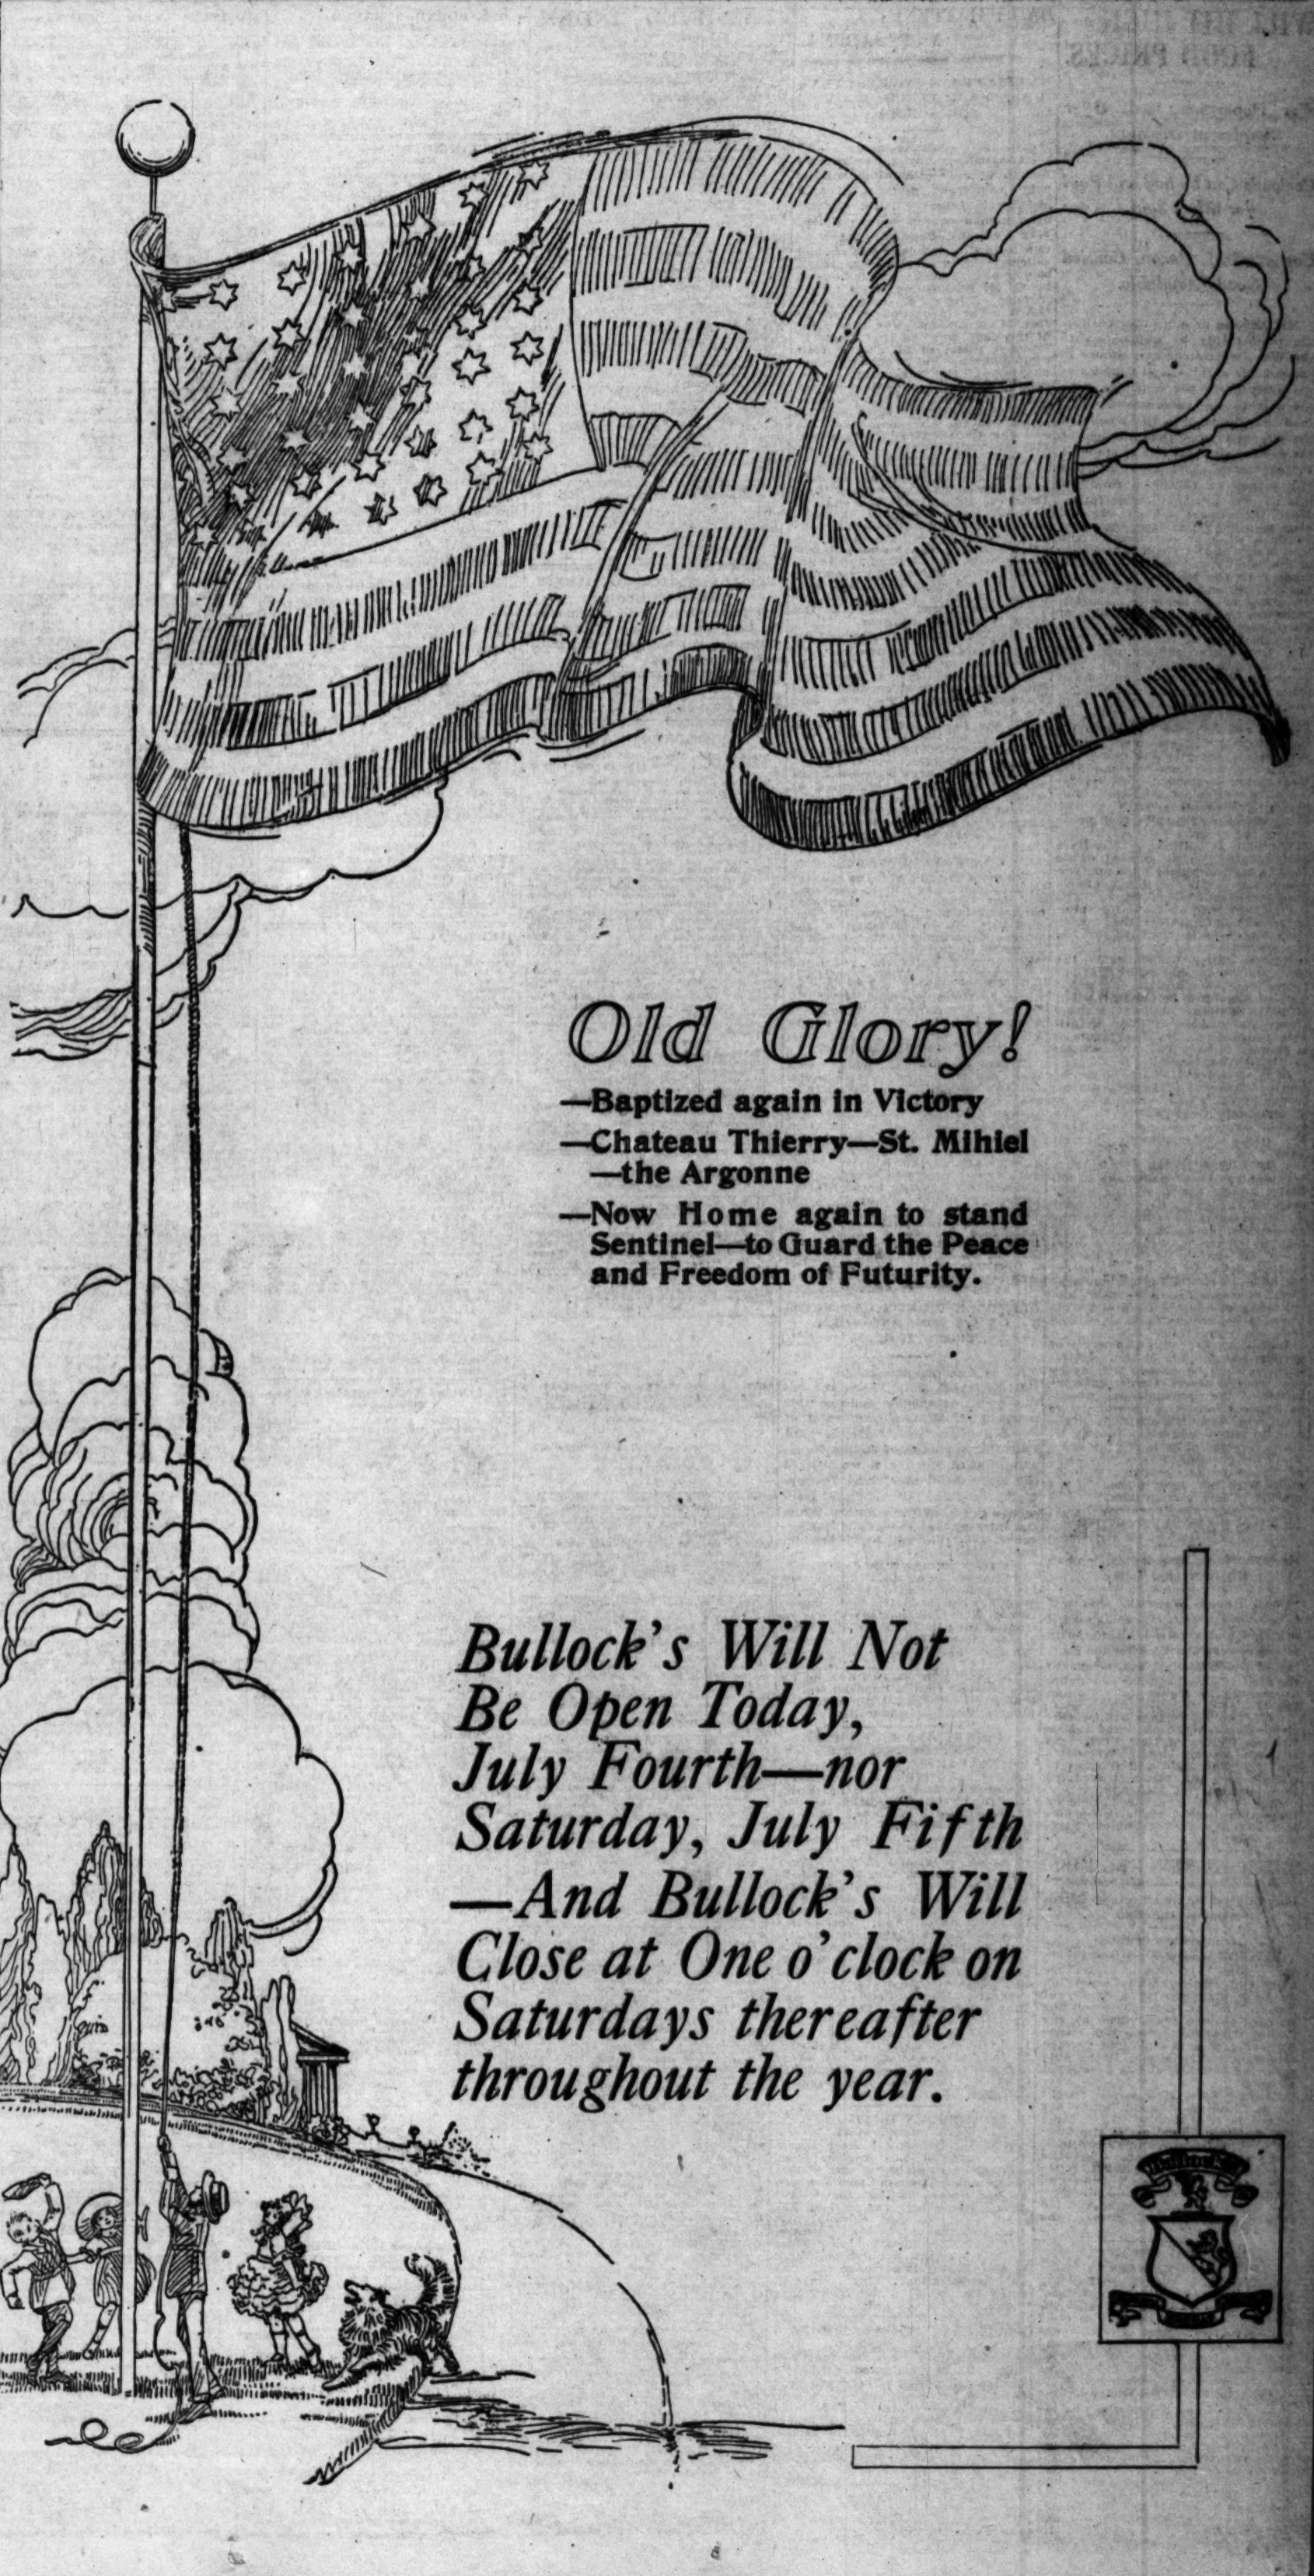

(BY A. P. DAY WIRE.)

WASHINGTON, July 3.—Postmaster-General Burleson today issued this statement in connection with the termination of the strike of commercial telegraphers:

"The truth is there has been no strike. It failed from the moment it was called because the operators respecting the broad policy of the Wire Control Board relative to employees and recognizing that strikes were not permissible during the period of governmental control, refused to respect the order to strike. This attempt at a strike thoroughly justified the Postmaster-General in his attitude assumed at the beginning of governmental control, that all employees were to be treated with absolute justice and fairness, regardless of whether they did or did not belong to labor organizations, and that no discrimination was to be practiced against those who belonged to such organizations and that they would be fully protected in their rights to do so."

The People and Their Troubles

DO NOT TALK

Turn Defects Into Virtues.

BY DOROTHY DIX

Don't refuse to run the race of life because you are handicapped. Instead, let your handicap be as a spur in your side to urge you on to more speed and effort and thus enable you to win out.

If you have a defect of mind, or body, or character, turn it into a virtue. There is some excuse for people being victims to weaknesses that they do not know that they possess, but there is none for them not correcting a fault of which they are conscious.

Yet how often you hear men and women say that the reason they have not succeeded, or the reason they have no friends, or the reason their marriages have been failures, is because they lack education, or they have high temper, or they are extravagant, or they can't keep house or make a living. It is a shameful confession for any normal human being to make, because anyone with an ounce of grit and intelligence can jolly well make themselves over if they want to, and can camouflage a blemish so successfully that the general public will not perceive it.

Now there's beauty, for instance. If every girl had her wish she would be born a Lillian Russell. The majority are not qualified for admission into the living-picture class. Some are actually ugly, but when a girl perceives that she is lacking in pulchritude shall she sit down and beat upon her breast and lament for lack of looks?

Not at all. Realizing that nature has treated her like a step child, it's up to her to get busy, and to devote ten times as much attention to the way she combs her hair and the sort of clothes she wears as the beauty does. When we speak of a woman being pretty, we mean just the general pleasing effect she produces upon the eye, and it is quite as often a matter of harmonious colors and artistic fabrics as it is any regularity of feature of the lady herself.

Also, the homely girl must depend upon her wit. She must study the gentle art of pleasing by agreeable and sympathetic manners. She must read and study and make herself entertaining, because she must depend upon her brains and not her complexion as a passport to popularity. There's no reason why a homely girl should be a wall flower if she has the sense and energy to overcome her handicap of lack of beauty.

Suppose a woman is born with a delicate constitution. She can sink into invalidism, or she can, nine times out of ten, turn herself into a strong and healthy woman if she will. The very knowledge of her danger is often a safeguard that renders her immune against it, and enables her to keep in better health, and live longer than robust people who think that they can defy the laws of nature with impunity. That is why the creaking door hangs longest.

It has been said that most of the great things in the world have been done by invalids—that is, by people who had to husband their strength, and treat their stomachs with respect, and lighten the burdens on their hearts, and nurse along the human machine to keep it going. The point is, if it's done, it's done, and that, in reality, a chronic complaint generally adds to one's length of days instead of cutting them.

that we can overcome any handicap if we will. The thing is to look our familiar devil in the face instead of ignoring him. And then fight him with fire.

Favors Official Goat.
LOS ANGELES, July 2.—[To the Editor of The Times:] Heartily endorse Mr. C. E. Roe's movement for constitutional amendment to provide official buffer goats to relieve President Wilson and perhaps some other officials from antagonistic pressure. The cause of humanity, eternal equity and fair play is more sacred than party allegiance and prompts me to suggest that the president's buffer goats be drafted from the ranks of his chief antagonists (opponents not necessarily classified as antagonists). Accustomed to continued hardheaded indiscriminating resistance they are well qualified for the position and can readily be spared from present occupation without jeopardizing the welfare of the country. They surely would make a bumper crop of bumper goats with solid ivory bumpers.

Latest reliable reports from headquarters clearly indicate that President Wilson still possesses probably the most remarkable goat in existence. It is peculiarly his own goat and very strongly attached to him. No other goat has ever been so strenuously sought for. Some of the ablest and most accomplished goat getters the world has ever produced have tried in vain to get it. Continued effort to corral it is convincing evidence that he still retains it and it is a safe prediction that he will continue to keep it until his great work is done. W. P. B.

Japanese Question.
LOS ANGELES, June 28.—[To the Editor of The Times:] Many of us are thankful to note that you have taken up the Japanese question at last, and we trust you will hammer at it energetically until you achieve results. You omit one very important point which is that the combine of Japanese produce dealers is chiefly responsible for the preposterous prices demanded in this city for fresh fruits and vegetables. People who usually live mostly upon garden products in summer are quite unable to play the exorbitant prices. Only persons of wealth can purchase now.

Furthermore, the Japanese, who formerly were polite and well-mannered, are becoming unbearably insolent. We must take whatever quality they choose to put up, all examination being forbidden. Many of us would prefer to buy at the shops kept by Americans, but a fat appears that only Japanese dealers can procure the better grades of fruit and vegetables. This is not a prejudiced assertion, but a fact demonstrated by daily experience.

DEVIL IN HEAVEN.

BY CAPT. LESLIE T. PEACOCKE.

Said the devil, "On the level, I have had a dandy time at a 'social' that was given by a church. I have never down in Hades seen so many catty ladies. And for devilment, I now know where to search. They were sitting and were knitting at some foolish fancy work. Purely bluffing," said old Satan, with a wink. And when they started knocking in a manner truly shocking, "IT WAS HEAVEN!" Then he gulped a mighty drink. Or realized that women had such lungs! "Some were mothers, and the others were the homeliest of maids. But they all were pretty handy with their tongues: I have never heard such doubling and back-biting, and such scorching them till I reach the hearth beneath. All the pretty and the witty girls that you and I adore were classed amongst the sinners as 'the worst.' And to hear their sneers and angners at all girls with decent figures! And scorch them till I reach the hearth beneath. They were yelling and were telling jokes about their minister. When he walked and instantly a 'hush!' And the way that they were treated and by those women greeted. Even put this old boy, Satan, to the blush. How he preached and been 'reaching out for souls.' Is what he. As he hand-queessed all the ladies, with a smirk: 'Oh, a minister's employment is not without enjoyment. It's a pleasure to see ministers at work!' Here the devil winked his other wicked eye. 'But the beggars won't admit it, if they die! Now, I'm going where they're sowing lively, wild and giddy oats!' cried old Neb, and then he vanished through the floor. 'Whist! I sat and drank and pondered, and blinked my eyes and till I closed them, 'neath the table, with a snore!'

Editor of The Times: In the Saturday morning Times I noticed the local correspondent from Pomona has written an article on the longevity of two men's mustaches.

With your permission I wish to state that I can "beat the beats" by six years, having worn mine since the spring of 1843. It was in compliance with the order from Col. J. J. Kelley of the 107th Illinois Volunteer Infantry, to Capt. Turner, of Company B, of his regiment.

"Have those boys of yours go back to the quarters and finish their job of barbering." Just previous to going out on dress parade some five or six of us had shaved off one half of our mustaches and the opposite half of our whiskers. As a result quite a bit of commotion was caused at the parade. Hence the order to "finish the job." I did so, and from that time to this I have never been smooth shaven.

J. M. JOLLEY.

Late of Co. B, 107th Ill. Inf.

Wants a Change.

LOS ANGELES, July 2.—[To the Editor of The Times:] The notorious inefficiency of the motor vehicle department was again demonstrated at the Los Angeles branch today. They refused to issue any license in June to take effect July 1 and when patrons showed up July 1 they found the office closed on account of a holiday. Apparently no advance effort was made to take care of the crowds that could be expected on the second and the result was the utmost confusion prevailed. The employees seemed to be unable to give proper direction to the numbers who waited in line and made errors in license numbers which were very confusing. The clerks seem to be of a very low order of intelligence and very arrogant in their dealing with the public. Whoever is in charge is evidently not big enough to systematize the office and should be replaced at once. The matter should be taken up with Gov. Stephens at once by the automobile club with the idea of getting a different set of employees.

A Famous Chef's Recipe—

Tillamook Cheese Omelet is a Cream for Five People

By Henry Thiele
Chef, Hotel Beacon, Portland
Five eggs, beat up well, 2 ounces of Tillamook Cheese, 1 ounce of butter, cayenne pepper, Worcester sauce, salt in cascade. Let cheese melt, add half-pint of cream and two tablespoons of beaten eggs. Make omelet smooth by swirling, then put on fire, put in a little butter and start to scramble. Fold it up in high shape. The eggs are pretty well cooked, take 1/3 of the prepared cheese and spread over eggs in the omelet. Let it get a little brown on one side and put on plate with garnish with the balance of the creamed cheese.

AS CONVENTION CITY DE LUXE.

League Reorganizes to Push Los Angeles' Claims.

Will Join with Business Men in Proposed Fete Plans.

Many Large Meetings for Next Year Already Assured.

Regaining of Los Angeles' pre-war distinction as America's convention city de luxe is the task which the recently reorganized Convention League has taken upon itself to accomplish within the coming year. This assurance was given yesterday, following a meeting at the Chamber of Commerce of the league, after two years of enforced inactivity due to the pressure of war demands.

Directors were chosen at the meeting and a special committee named to confer with the large group of Los Angeles business men who recently united to underwrite a series of fete to be held here, beginning next fall, to provide wholesome entertainment the year round for the thousands of tourists who annually visit the Southland.

A meeting will be held in the very near future at which officials of the Convention League will lay before the newly-organized central organization its plans, and it is expected that the representatives of the two bodies will decide upon a working basis that will bring to Los Angeles national-convention stock shows, floral fete and similar gatherings that may now be resumed upon a more brilliant scale than ever, following the signing of the peace treaty.

Delegates from the following organizations were present at yesterday's meeting of the Convention League: Chamber of Commerce, Associated Retail Credit Men's Association, City Club, Commercial Board, Electrical Contractors and Dealers Association, Elks, Kiwanis Club, Jovian Electric League, Merchants & Manufacturers' Association, 100 Per Cent Club, Retail Merchants' Credit Association, Realty Board, Dealers Club, Wholesale Merchants' Association, Furniture Dealers' Association and the Central Labor Council.

New directors were named as follows: Motley H. Flint, Louis M. Cole, E. G. Judah, Charles H. Toll, Frank Wiggins, H. B. Woodill, Harry

Tax Collector Welch yesterday sold 200 pieces of property for delinquent taxes. The receipts from the sale were \$2014.64. Another sale of property for delinquent taxes will be held tomorrow morning at the Hall of Records.

Among the purchasers yesterday, were Laura B. Peni who acquired twenty parcels; Dr. Louise B. Bruning, nine parcels and William Reeves, twenty-five parcels. A lot in the Santa Anita ranch realized \$119.57. The property may be redeemed within five years by the owners.

Minor, F. R. McCracken, Elmer Cole, R. L. McCourt, Daniel H. Jones, A. E. Peat, George Goldsmith, Carl Rosenberg, A. C. Robbins, Standish Mitchell, D. C. McGarry, Seth Brown, H. H. Rice and J. G. Bullock. Members of the committee who will confer with the fete organization are: E. G. Judah, Frank Wiggins, H. B. Woodill, George Goldsmith, Carl Rosenberg, Seth Brown and Charles H. Toll.

A special meeting of the Convention League will be called immediately following the conference between representatives of the two bodies.

Although the work of the Convention League has not yet attained full speed, a number of large conventions for next year are already in prospect, it is stated. These include the Congress of Mothers and Parent-Teacher Association, California Pharmaceutical Association, the Credit Men's Association, National Light and Power Association and others. The National Association of Rotarians is scheduled to meet in Los Angeles in 1921.

Chairman Flint pointed out at yesterday's meeting that the work of the Convention League must be carried on persistently throughout the year, to achieve the desired results—in this respect different from the work necessary in arranging a fete or carnival. Los Angeles must be prepared at all times, he stated, to make definite dates for conventions, to render every aid to delegates bringing gatherings to the city and to give the proper publicity to the organizations choosing Los Angeles as their meeting place.

LAW LAYS HAND ON CHILD-WIFE

Bride is Declared to be Twelve Years of Age

Husband of Mexican Judge Daughter Also Held.

In Juvenile Hall She Pines Mate and Home.

After a night spent in his home, Hernandez appeared before Judge Reeves in Juvenile Court yesterday afternoon to answer charge of contributing to the delinquency of his girl-wife, Norma Operta Sapien, whom juvenile court alleges is but 12 years old. who is the daughter of a Mexican judge slain by Villa's men. The young man was accompanied by his bride of a year and by Captain D. Fredericks, his attorney. Hernandez was arraigned and was set for the 23rd inst. for being a delinquent, who is accused of being a delinquent, was set for the morning of the 22nd, before referees of the Juvenile Court. He was fixed at \$1000, and was released by Capt. Fredericks, who Hernandez works on the ranch at Hynes. Hernandez was released and his wife was taken to Juvenile Hall, by Police Constable.

"These young people were married August 12, last," said Capt. Fredericks in stating his case, "and I was justly hindered. It is my purpose to go on his bail. They were married on the statement that she was 15 years old; that is, she is 12 years old as the known fact." "They have been living together in my ranch. They have a garden and chicken ranch and seem to be happy. I understand this case is largely on a question of her age."

HALL DEFENDED.

Capt. Fredericks at first objected to the young wife going to Juvenile Hall, saying he wanted her to be the best of association. "That is a mistaken idea," said Capt. Fredericks, "she is a good girl, taken to the receiving room and then to the nursery, to be cared for by the nurses."

Capt. Fredericks said Hernandez was an excellent worker, sober and industrious. He said the man had been a chicken ranch when he heard Hernandez was out for him, but returned later to confer with Capt. Fredericks, who advised him to give himself up yesterday.

The girl was accompanied in court by her sister, Beulah, who learned here the young people were living together. She said she had informed the authorities. The girls are said to be daughters of a former superior court judge of Sinaloa, Mex., who was killed during a revolutionary outbreak a few years ago. The girl did not appear in court.

UNDER LEGAL AGE.

Chief Juvenile Officer Marden yesterday said that the girl is 12 years old and pointed out that the girl's marriage age is 15. He maintained that she loves her husband and wants to return to him. Mrs. Hernandez late yesterday afternoon made a full statement to Mr. Marden. She told of her husband and wants to return to him. Mrs. Hernandez late yesterday afternoon made a full statement to Mr. Marden. She told of her husband and wants to return to him. The Blankenhorn-Hunter-Dulin Company, a well-known local bond house, with offices in the Los Angeles Trust Building and in Pasadena, has just opened offices in San Francisco, where Carlos S. Greeley is in charge as resident manager. It is a reversal of the usual order for a Los Angeles house to branch out in the northern metropolis, but it is merely a listing of the wind which reveals the trend of the times. This city is rapidly becoming the financial center of the State, and already many of the largest concerns in San Francisco are finding their Los Angeles "branches" outstripping the home office in volume of business. When the war broke out every member of the Blankenhorn-Hunter-Dulin firm promptly enlisted and served his country well and faithfully. Upon their return it did not take long to reestablish the business, and since that time it has been growing so fast that housing requirements have been hard to keep pace with. It is probable that the firm has a larger percentage of returned soldiers and sailors among its staff than almost any other house, and they are enjoying the same activity in correlating business that they exercised in correlating Hunns when they were in the front-line trenches. It is possible that other branches may be established in the near future to meet growing requirements. The firm handled the Catalina Whiskey purchase and is the representative of that capitalist in the development of the island.

Pleasant Surprise Party.
The employees of the United States National Bank were made the victims of a very pleasant surprise party when they were handed suspicious-looking envelopes accompanied by an appreciative expression of gratitude from the president of the institution, Mr. O. M. Souder, who told the bank family that having in mind the general advance in the price of all commodities and the consequent increase in living cost, the officers of the bank had decided to distribute to the employees a fair percentage of the profits for the past six months, after all dividend and other fixed charges had been deducted. The manner of distribution is somewhat different from any of the many plans which have been devised for the purpose. First, the profits set aside for distribution were agreed upon, and then single men were paid at the rate of \$10 per month for every month of service up to six; married men without children at the rate of \$10 per month, so that the average family man received a bonus of \$120 for his six months' work. The president expressed the hope that a continuance of this plan of profit sharing could be maintained, and closed with a word of appreciation for the loyalty of the staff and the hope that the hearty co-operation between employer and employee would continue. In consequence of the distribution the United was one of the bright spots along the rialto yesterday, and there was a determination on the part of each of the men with whom I talked to see to it that there would be more profits to divide on January 1.

The Stock Market.
It was getaway day on the stock exchange yesterday. There was only a single hour of business, and many of the traders were absent, having started their vacation waiting for the developments of the short day. They did not miss very much, although in some lines there was a liberal market. This was notably true in Big Jim and United Eastern, on the mining side, and in Union, United and some lines there was a slump, rallied, and in the face of trading involving 14,000 shares, the price advanced to an opening of 15 1/2 cents to a final sale of 16 1/2 cents. United Eastern was stronger, and it slowly winning its way back over the hill down which it slid so precipitately on Tuesday. The opening price was \$4.40, and it closed at \$4.42 1/2, and strong at that figure, with \$4.45 asked. Tom Reed also participated in the strength of the two listings mentioned, and there was considerable trading from \$1.52 to \$1.55. Union was strong, and sold up to \$12.25, but weakened off a fraction on the close, and finished at \$12.10. Jade was "up and coming" all through the session, 11,000 shares being traded at prices which ranged from \$24 to \$24 1/2. United Oil was in demand around 5 1/2 cents. Other mining stocks were strong to steady, and the market closed with a flourish with almost every active listing looking toward the sun. Industrials were also in good shape. California Packing common, leading in off-board transactions which were consummated at \$7.75. California Packing sold up to \$8.10; Los Angeles investment to 72 cents and government bonds were strong and in fair volume at the prices at which they valued during the week, \$29.75 for Victorias and \$24 for Fourth Liberty.

HERD, HAWKS MAKE AN EXIT.

Sinsabaugh and Davies Win from Contenders.

McLoughlin and Bundy Make First Appearance.

Exhibitions are Scheduled for Today's Play.

BY HOWARD ANGUS.

Maurice E. McLoughlin and Tom Bundy, three times national tennis

champions, made their first appearance yesterday in the Pacific Coast

doubles tournament at Long Beach, and Cliff Herd and Kenneth Hawks,

dangerous contenders, their last. McLoughlin and Bundy made a

favorable start on their long-heralded come-back, when they eliminated

Varlet and Press with ease, grace and dispatch, by the score of 4-2,

6-1, 6-1. They also proved that previous fame is not forgotten, even in these hectic days, for about 200

tanned individuals came hurrying from the beach and draped themselves on the wire netting when the

two court wizards made their appearance.

GOOD ENOUGH.

No living expert, no matter how wise, could tell from the match whether the two have a chance to

win the national title or not. Varlet and Press play good tennis, but

not good enough. All they could hope to do was open up the pores

in the skins of the two ex-champs. They did that, very nicely.

But McLoughlin and Bundy did everything they promised. They

changed courts, that is, Maury took the left-hand court and Tom the

right. Bundy also appeared as "tommy," but would not say whether

it was practice or influence that robbed him of it.

EFFECTIVE.

The "Comet's" service lacked the old-time steam, but he put much

more stuff on the ball. It bounced high and low and sideways. He

did play much steadier tennis than he has in years. His smashes and

forearm drives had all their old-time wickedness, leaving Press and

Varlet shocked at times. Bundy showed all his Napoleonic craftiness,

although he didn't take the match very seriously, and strained no tendon

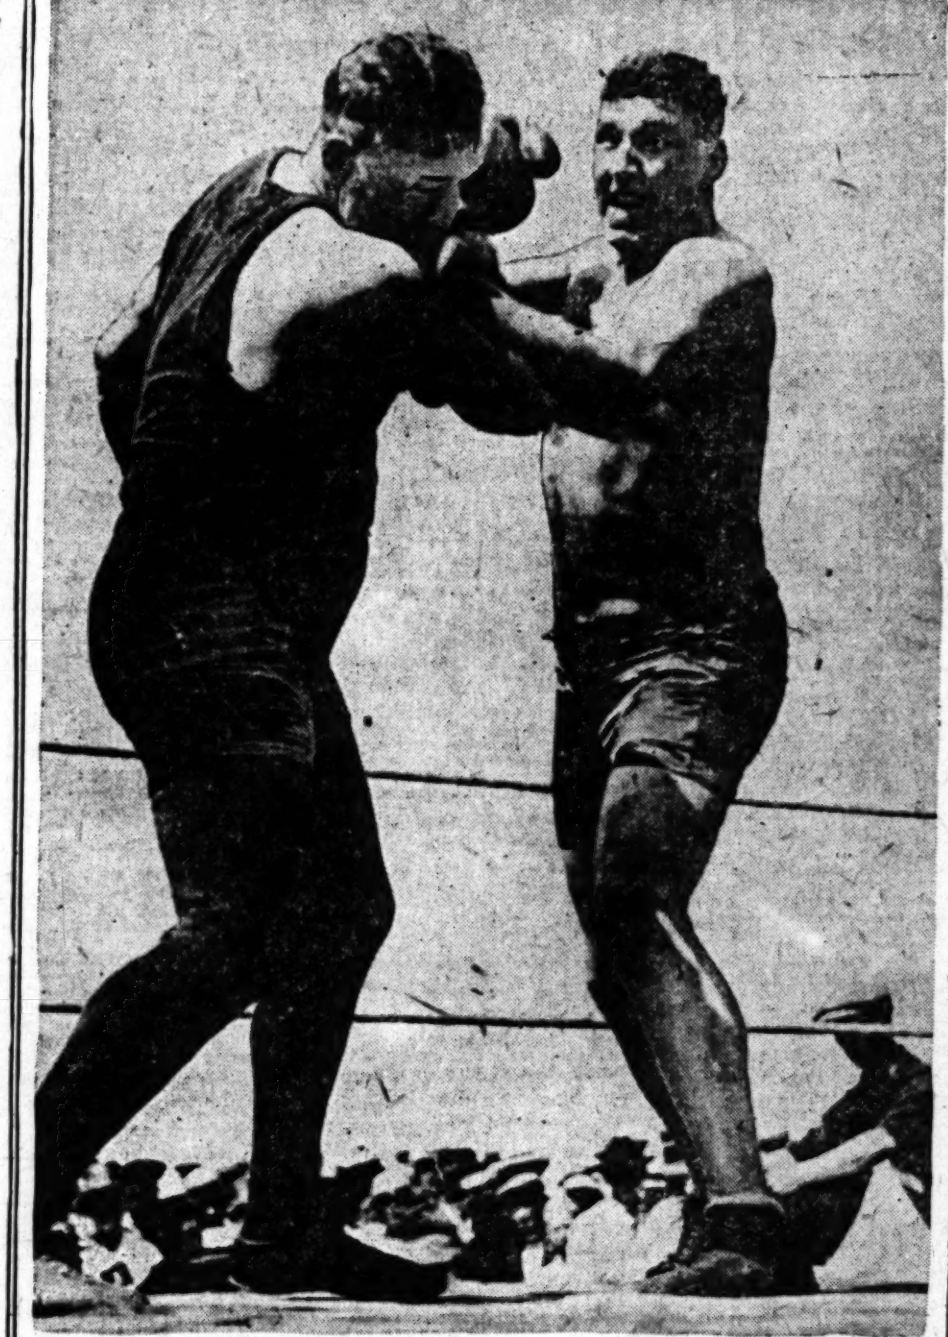

reaching for any out-of-the-way shots.

The big surprise of the day was the elimination of Hawks and Herd

by that old veteran Sinsabaugh and the youngster Davies, in five gruel-

ling sets, 5-7, 6-2, 3-6, 6-3, 6-2. The two reasons for this upset were that

BOTH BOXERS HOPE TO WIN DECISIVELY.

BY BENNY LEONARD. Lightweight Champion of the World. [EXCLUSIVE DISPATCH.]

TOLEDO (O.) July 3.—This thriving manufacturing city is in the throes of the final spasm of the biggest event in its history. Tomorrow afternoon in the mammoth, especially-constructed arena at Bayview

Park, Jess Willard and Jack Dempsey will meet in the twelve-round bout for the heavyweight championship of the world. They are scheduled to enter the ring at 3:30 o'clock.

An hour later Willard will either continue to reign or will have been dethroned.

Both men are ready for the test. The last touch was put to their training this afternoon. By that I mean the last coat of veneer, for neither of them engaged in any hard work. Both were content to confine themselves to limbering up their muscles.

IS JOCUULAR.

Both announced themselves as extremely satisfied with their conditions. I had a talk with both of them this afternoon. Willard appears to be in much steadier frame of mind than when last I spoke to

him. He was even inclined to be jocular, which is unusual for him at any time. It isn't often that Big Jess attempts to paddle in the same gondola with Dame Humor, but today he joshed and laughed.

"I certainly feel fit," he answered in reply to a question. "In fact, I feel better. I feel stronger and more capable of fighting than I did at Havana when I battled twenty-six rounds against Jack Johnson. I feel like a 2-year-old. Candidly, I have surprised myself by the fine condition I have attained. I have heard that some people who have watched me training have declared that I was not ready. I don't believe them. They can't make me believe that I am not in condition."

BOXED FAST.

"I have trained according to a programme that was dictated by the programme I made in my conditioning process. What better way is there to train? I cut out road work when I found I did not need it. I boxed fast or slow as my condition warranted. I worked conscientiously whether those who watched me agree with me or not.

"For three months I have trained for this bout, 3-year training, but though it were to be only twelve

rounds but as if it were to be over a much longer route. I know that I am ready and Dempsey and others are going to realize it, not many hours from now."

As he talked Willard was resting. His tone of confidence in his condition was not belied by his appearance. In the last week there has been a marked change in the champion's condition. To me he appears to have improved at least 50 per cent. During the closing days of his training he worked with more determination and with more pep and zeal. He was serious. He was in earnest and the effect has been pronounced.

EYES CLEAR.

A week ago Willard was slow. He was lanky. He was sluggish. Of course, his great size emphasized these things. But today there was a clear sparkle in his eyes. He talked with more snap than in his worst, the drawl which generally attends his manner of speech was gone. He shot his words at you and made you feel that he meant them. If he felt in the least nervous he was good enough showman to keep it hidden. There was no outward sign that he

Boxers Agree on Barred Punches; All Records are Eclipsed.

[BY A. P. NIGHT WIRE.]

TOLEDO, July 3.—With the world's heavyweight pugilistic championship at stake, Champion Jess Willard and Challenger Jack Dempsey will box twelve rounds at Bay View Park, on the banks of the Maumee River, here tomorrow, in what is expected to be the greatest event of its kind ever staged.

Eclipsing all previous records in this direction, Promoter Rickard has guaranteed \$100,000 to Willard to win, lose or draw, and \$25,000 to Dempsey, under the same conditions, while the profits from the moving pictures will be divided into thirds.

An arena to seat 50,000 spectators has been erected at a cost of \$150,000, and if the gate receipts are up to expectations, more than \$1,000,000 will pass through the hands of the promoters. Seven per cent. will go to local authorities, 10 per cent. to the government in the form of a war tax, while scores of other

DOLL TACKLES GEORGE AGAIN.

Duo of Great Sluggers Meet at Doyle's Today.

Earl Baird, Fighting Demon, Takes on Brown.

Big Card of Seven Events to Start at 1:30.

THIS AFTERNOON'S CARD.

Mike Doll vs. Young George, 145 pounds.
Young George vs. Earl Baird, 145 pounds.
Willie Robinson vs. Phil Salvador, 135 pounds.
Frankie Garcia vs. Young Farrell, 118 pounds.
Bud Starr vs. Eddie Daley, 155 pounds.
Gus Williams vs. Chris Romero, 135 pounds.
Young Papke vs. Jimmy Berry, 125 pounds.

When Mike Doll and Young George clash in the main event of the show to be held at the Vernon Athletic Club this afternoon, there will be two lads pitted against each other who are not afraid to take an occasional hard whop. These boys met once before in the Vernon ring and boxed a classy four-round draw. Both are speedy and clever, and carry a knock-out punch.

Willie Robinson and Phil Salvador have been lined up to box the semi-final bout of the card. This match will be a return scrap between the two fighters. The former has a victory to his credit over Salvador, and the latter is anxious to even things up. Salvador believes that he can beat Robinson if he goes at full tilt throughout the entire four rounds.

Earl Baird, the soldier boxer who beat Tommy O'Brien in the main event of last Friday's show, will take on Brown.

BOTH PUGILISTS ARE CONFIDENT.

(BY A. P. NIGHT WIRE.)

TOLEDO, July 3.—In statements prepared for the Associated Press, Willard and Dempsey gave views on the contest of tomorrow, as follows:

Champion Jess Willard said: "From the day I signed the contract to defend the championship it has been my one idea to enter the ring in condition to give my best efforts to the public and titular honors which I am fortunate enough to hold."

"I have trained with this in mind for a period of more than three months, to the best of my ability, and intend to give every ounce of strength and degree of skill that I possess to the defense of the championship. I know that some followers of boxing do not agree with my system of training, but I am convinced I know myself and my condition and requirements. I believe that I am in perfect shape and confident that I shall successfully defend the championship. If it should prove that I am wrong, I shall stand up like a man and admit the superior boxing ability of my opponent without quibble, excuse or alibi. Beyond that, I feel that events must settle for themselves."

JACK SURE

Challenger Dempsey forecast his victory in the following words:

"Six weeks of consistent training has made me fit for the big event of my life. In all my career I never felt better than I do right now, and I am as certain of victory as a man can be. The biggest of Willard does not bother me. I like the big one. Carl Morris and Fred Fulton were not dwarfs and I put both of them away, doing the trick each time in less than one round. No man in the world can withstand the attack I will wage when I enter the ring with Willard. My youth, strength and natural fighting ability will prove more than an offset to the extra poundage of the champion. That I have real confidence in my ability to take the title away from Willard is to be believed. I have never yet met a man I feared. They all look alike to me, and unless Willard is the superman claimed by his supporters, I will knock him out in a hurry. I would not be surprised to list him along with Fulton, Morris and the other one-rounders. He may get by the first, but if he does he is only framing a lot of trouble for himself. I'm ready to go to him. I hope it is a good battle, no matter how short it is. Take it from me, though, you are talking to the winner."

Nobody Can Say He's Not Brave.

This is Mike Doll, the demon slugger who takes on the hard-hitting Earl Baird for the second time this afternoon out at the Vernon ball park. He seems to be the only guy in the neighborhood who likes to have the kid hit him, and he isn't exactly wild about it. He's willing to swap with anybody.

take on Young George, who has round draw with Gomez recently, and showed the local fans that he is a good mixer, will tackle Chris Romero, Young Papke and Jimmy Berry. Willard will perform the curtain raiser.

The results of the Willard-Dempsey fight for the second time this afternoon out at the Vernon ball park, which will be announced to the fans in the Vernon boxing palace round by round. Jack Doyle has scheduled the fight to start at 1:30 o'clock, or about the same time the big tilt will begin in Toledo.

TOLEDO STAGE ALL SET.

(BY A. P. NIGHT WIRE.)

TOLEDO (O.) July 3.—The last of the preliminary details of boxers, promoters and arena constructors were completed today and with the gathering up of stray strands the stage is set for the heavyweight championship bout between Jess Willard and Jack Dempsey scheduled for Friday afternoon. At about the same hour the last nail was driven in the great arena which is to seat some 50,000 spectators.

In many respects it is the greatest sport amphitheater ever erected—certainly the greatest ever constructed for temporary use only.

Built at a cost of \$150,000, the structure includes 1,750,000 feet of lumber and hundreds of kegs of nails and bolts. In addition to the 50,000 spectators who can be seated comfortably there is standing room for close to 20,000 more, so that the total capacity approaches the 100,000 mark.

TOLEDO WAKES J. BARLEYCORN.

Kicky Concoctions go Fast at Four Bits a Throw.

Greatest Congregation of Jags in Present Era.

BY JACK LAIT.

TOLEDO (O.) July 3.—An obsolete institution flourishes here. Old-timer of the bygone era of June, 1919, B. P. (before prohibition) may recall similar ones in the paradiisical period of past eras. We fear, gentlemen, to the open and public sale of hard liquor. In respect to that the village of Toledo has succeeded from the Union.

Declaring a holiday because of the presence here of more dips, yeggs, start humors, cauliflower ears, wire tappers, plain fish, bottom dealers, round trip tourists, promoters, Texans, case players, Hotentots and sporting editors than ever were herded into this burg before or ever will be again, the bar for gold is in without camouflage, of the following paleosic commercial commodities: gin and tonics, beer with 97 1-4 per cent. intruglycerin, with the recall of Big Bertha and developing of R. P. B. in the block.

FOR A BITE.

These kicky concoctions go for 4 bits the dram and foreigners are standing eight deep about the sopping mahog, pushing their jacks at the phlegmatic barkeeps. It is like Silver City in '64 or Chicago in '18, and it is beautiful.

When your correspondent last left the barroom of the Seor Hotel a party from Denver was pleading to kiss Battling Levinsky and a man from Iowa was seen to give a waiter 10 cents. Such forgotten slogans as "Fill 'em up again" and "we'll have just one more l'il one and then we'll blow, what do you say?" resound like ghostly echoes of a dead past.

It is the lobby of this hostelry, which now is the regional of the belighted States, squirming with blind staggers and guys who want to bet a million against a quarter that Dempsey will win with one swipe. The equanimity with which the war emergency prohibition has been met here is a sign of things to come. They don't read the papers in Toledo, huh?

FANCY JAGS.

When Jess and Jack shake hands there will be assembled about the ring as fine a congregation of fancy jags as ever upset a spittoon. Ducking for the moment the ethical, sociological, political and moral issues, it is the killing right to be once again, before the world ceases to reel around forever, this grand assemblage of alcoholic and unsteady trying to tell each other about wild soiree parties of the long ago when saloons were legal and the Constitution was not a scrap of paper. John Barleycorn isn't dead yet, and he's still kicking in the preliminary exhibitions to the star bout.

MISSOULA MIKE PICKS THE WINNER.

BY HARRY A. WILLIAMS.

"Your condition appears to be improved," I remarked as Missoula Mike, the Marine, dropped in for his evening call. "One would think that you were the original bright-eyed boxer with nothing lacking except the faintest curls."

"Just finished havin' myself run through a Turkish bath, by way of gettin' in condition for the new milk-shake regime," replied the Marine. "They shoved me through every department of the sweat stadium from the front to the back door, and I'm feelin' like a new man. Eight hours pronounced me as as-sayin' 100 per cent. pure."

"Will be slowly suffocated in the steamroom," said Mike. "I was passin' away I had an inspiration or idea such as men are said to have when they're all hard and conspicuous by their absence."

"An idea," I replied. "That is nothing new in your life. 'You have more ideas than a pro-German has crooked angles to him.'"

"Incidentally," resumed Mike, "if it wasn't for my reserve supply of ideas the chances are that there would be an empty chair at my silent typewriter in The Times office. I've had the day you were born, An' I don't think that nobody would feel so broke up over that empty chair as I do now. I'm here to slip you the idea."

the two would be an outstanding favorite in the betting. Willard's great size, bulk and strength form an impressive mental barrier that even the Dempsey supporters hesitate to hurdle financially when it is realized that he is required to box thirty-five minutes and hold his own to gain at least a draw. The Barker brothers had two wins in two fights, but generally conceded to be the better boxer of the two, but Dempsey has achieved a remarkable ring record with his knockout record is not nearly as impressive as that of the challenger. The champion has at times shown flashes of tremendous speed and hitting power fully in keeping with his huge bulk. Many close observers hold the opinion that the Fourth of July bout will tell his tale. He is to triumph over his youthful and hard-hitting rival.

Willard's manager has made any public statement regarding his plan of training camps indicate that there will be little more to the long range sparring during the early rounds of the contest at least. Dempsey is noted for his eagerness to get to close quarters with an opponent, and standing toe to toe to demonstrate that he is the better fighter in a two-fist combat.

This is not as a rule the system adopted by Willard, but in said by close friends of the title holder that he has been greatly displeased by reports of alleged indifference training and inability to meet Dempsey at his own game, despite his physical advantages. In discussing this angle of the match, the champion's closest associates indicate their belief that he will startle the boxing world by a display of aggressiveness and hard, fast hitting heretofore rarely seen in the ring. Willard evidently expects him in close action for he has requested that no attention be given to the "long" fight, but committed by his opponent.

could just as well be settled with "coxin' talkin' it over as is provided in the by-laws of the League of Nations."

"Admitting that the idea is not without merit, it doesn't throw any light on who is going to win the big fight," I replied. "I say you picked up any valuable tip during your night travels?"

"The only tips that I have succeeded in getting out of the early morning in the mornin' out of The Times. The first of these was that photo of Willard taken less'n two weeks ago, when he was in the window bulgin' out when he stoops over. A fighter to be in shape should have a bulge in the window all hard and corrugated. My next tip was gleaned from Bennie Leonard's article yesterday mornin'. Of all the assembled experts, Bennie alone had fired a broadside of positive opinions. Bennie is so frank that it doesn't secretly sound honest. I suppose that's because we have been readin' so much press agent dog we ain't accustomed to bald assertions."

"Experts seem to be mainly for the purpose of lettin' the public understand that they ain't goin' to interfere with the public's own guessin'." Some of them comes out with interviews explainin' why the champion ain't no more road work and the same night a mere reporter finds Jess out leggin' it after dark.

"As near as I can figure from the general tone of Leonard's article, Bennie believes that if Jess wasn't so old, had ever learned to box or knew something about hittin' he would have better than an even chance."

"Gettin' back to road work, it wasn't no surprise to me when they caught Jess 'old' in his under cover of darkness. The other day I happened up to the L.A.A.C. to see Walter Miller an' Charley Keppen. Van Court happened to be there, an' naturally the conversation turned to boxin'. Van ventures the opinion that Jess ain't neglectin' his legs, an' even expressed the belief that he was doin' road work when nobody wasn't lookin'. Van says that the champ would be the biggest boob in the world if he got out an' chanked it over a long stretch every day. It ain't the stuff for big men. Their legs won't stand the strain. He says the thing for the big lads is a series of short sprints, like stakeholder's take, with a spell of walkin' in between. Then he points out that most of the great sprinters have been good-sized men, while the two-milers as a rule, is rather long or light, while the Marathon boys are often small an' chunky. At least, they don't tend heavily to poundage."

HERD, HAWKS MAKE AN EXIT.

(Continued from First Page.)

the old veteran and youngster were playing surprisingly well, while the two dangerous contenders were off their game. Ever since tennis began in California, Sinsabaugh has been hooking up with some youngster and eliminating young hopefuls. He is probably the greatest surprise-springer in this neck of the woods.

DIZZY STUFF.

Some think that the nearness of the sea had something to do with Herd's play. Being a naval officer he got back his sea legs and couldn't get steady on the ground. He rolled considerably. Ground shots, also, failed to work, while his cannonball serves went hunting German. Also, in spite of the fact that he was a chief signal officer, he could not get any liaison with Hawks. This was explained by the fact that Hawks is an ex-aviator. It is hard to get liaison with any aviator.

A CUP OF TEA.

Bates and Parker, the two northwesterners, made a rather unfavorable impression. They had no much difficulty in eliminating the well-known furniture dealers, Barker and Barker (adv.). It took them a long time to gain them a victory, 6-7, 6-3, 10-12, 6-4, 6-1. A cup of tea played a very important role in this match. The Barker brothers had two wins in two fights, but generally conceded to be the better boxer of the two, but Dempsey has achieved a remarkable ring record with his knockout record is not nearly as impressive as that of the challenger.

The different effect of tea is probably accounted for by the fact that the northwesterners had two cups apiece before the match. The Barker brothers had two wins in two fights, but generally conceded to be the better boxer of the two, but Dempsey has achieved a remarkable ring record with his knockout record is not nearly as impressive as that of the challenger.

Perhaps another remarkable discovery was made yesterday by accident, as so many other great ones have been. The Barker brothers had two wins in two fights, but generally conceded to be the better boxer of the two, but Dempsey has achieved a remarkable ring record with his knockout record is not nearly as impressive as that of the challenger.

EXHIBITIONS.

Today's matches promise to be full of thrills from daylight to dark. McLoughlin and Bundy and Brown and Wayne make two appearances in the main event. These four men are picked as the finalists. Simpson Sinsabaugh has been delving around and has resurrected some of his old-time long-out substitutes in these dry days is at hand. Evidently there is a reason for the English saying, "Two Sinsabaugh's got a kick out of it, anyway."

Snodgrass and Ketchum defeated Ferrandini and Hinchey, 6-1, 6-4, 6-2.

Sinsabaugh and Davies defeated Herd and Hawks, 5-7, 6-2, 3-6, 6-3, 6-3.

McLoughlin and Bundy defeated Varley and Freese, 4-2, 6-1, 6-1.

Berry and Godshall defeated Reid and Dixon, 6-2, 6-1, 6-1.

Bates and Parker defeated Barker and Barker, 6-7, 6-3, 10-12, 6-4, 6-1.

Brown and Wayne defeated Adams and Warren, 6-1, 6-3, 6-3.

The schedule for today is: 9:30—Berry and Godshall vs. Brown and Wayne; Warren and Adams vs. Allen and Reineke (exhibition).

10:30—McLoughlin and Bundy vs. Varley and Freese; Bell and Freeman vs. Varley and Freese (exhibition).

TRIXIE AS PRODUCER.

STUND ORPHEUM STAR TAKES COMPANY ON TOUR.

By Grace Kingsley.

"Never again will I kick about my life or my dressing-room or my make-up or anything. They can ride over in the middle of my act, and my lamb will be a wild and roaring lion compared to me; they can sit in the smallest letters on the program, and I'll say, 'Gee, I'm that kind of stuff--ain't it nice?'"

Trixie Friganza, the star of the Orpheum, took her company on a tour of the West, and she is now in Los Angeles. She is a very popular actress, and she is now in the middle of her act. She is a very popular actress, and she is now in the middle of her act. She is a very popular actress, and she is now in the middle of her act.

ture offers, and may go into that work instead of resuming vaudeville, following the completion of her present two weeks' tour.

Heard on the Rialto:

Oh, yes, I certainly do miss it, particularly when I look at the men. Ain't used to drinks named "Lover's Delight" and such picturesque stuff.

The famous inquiry, "What will you have?" has been altered, also, to "What have you got?"

Oh, well, I've been rehearsing prohibition a long time anyhow.

I know a place down here--a friend's house--where--

Unusual Remark from Star.

Will Rogers is hopelessly optimistic. Yesterday he was nursing a big fever blister down at the Goldwyn studio, but even at that he managed to find a bright side to the question.

"Well, there's one good thing about it," he said, "it saves me from those darn close-ups."

Violet Heming Here.

Violet Heming, the beautiful English actress, who is to play the leading role in "Everywoman," soon to be produced by Famous Players-Lasky, arrived in the city from the East a few days ago and has already begun preparing for her important engagement. Miss Heming is noted as one of the most beautiful women that has ever appeared on the screen, and is considered ideal for the role. George M. Melford is making his preparations for the production which he will direct, while Will M. Ritchey is to write the scenario.

Ethel Clayton Still Missing.

Ethel Clayton is still among those

absent. The recent announcement that she had disappeared while presumably en route to California from the Orient, gave rise to numerous inquiries in regard to the matter. No clue as to her whereabouts has yet been received. However, it is speculatively assumed she is safe on a steamer, somewhere between here and Japan, though her friends feel it is strange they have had no word from her by wireless or cable, in answer to their messages.

Louise Dresser Sues.

Louise Dresser, at present vacationing in Los Angeles, prior to starting rehearsals in San Francisco in a new G. M. Anderson play, has a suit pending against Messrs. Klaw and Erlanger, wherein she asks \$50,000 damages due to a fall in which she suffered a broken arm and a smashed wrist while appearing with the "Have a Heart" company. The case will not be finally settled until next fall.

In Miss Dresser's Complaint.

she stated she was forced to remain idle a whole year, due to her injuries.

Hackett's Hard Luck.

It does seem as if James K. Hackett were having a mighty hard run of luck. He was to have played "The Better Ole" here, but was forced to retire from the cast in San Francisco, due to a nervous breakdown. He returned to New York, and now word reaches this department that Mr. Hackett has just sustained a fractured leg, at his home in Zenda, N. Y., the accident resulting from slipping on the floor of his bathroom.

Tom Moore on Screen Board.

The debonair Tom Moore, Goldwyn star, who has just completed "Heartbreak," with Harry Beaumont directing, is spending the days in his beach pictures at his beach home. He is quite a swimmer and goes in several times a day. He owns an array of surf implements, including surf boards, and is therefore a picturesque figure as he emulates the hunky Hawaian on the risky water conveyance, from which he hardly ever falls. Now it is said Moore is trying to fit a motorcycle engine to a board, so he can ride far out and then coast in on the big breakers.

Doug Has Visitor.

A singularly touching little story has just leaked out of the Douglas Fairbanks studio, to the effect that Miss Alice Patterson, only daughter of John Patterson, a millionaire lumberman of Superior, Wis., and a cripple, came all the way to California just to visit Douglas Fairbanks at his studio.

After watching Doug in one of his chases where he runs up some stairs, jumps through a trap door and dives out of a window, Miss Patterson said: "Mr. Fairbanks, all my life I've envied the people who do not have to be tied down to a wheel chair, and I've seen you do so many impossible things and get around everywhere so easily, that I've been determined to see you. I've always been tied down to a wheel chair, and I've seen you do so many impossible things and get around everywhere so easily, that I've been determined to see you. I've always been tied down to a wheel chair, and I've seen you do so many impossible things and get around everywhere so easily, that I've been determined to see you."

Peggy Wood Here.

Peggy Wood, the chic little musical comedy star who has been engaged by Goldwyn to play the role of "The Girl Who Came to Stay," is now in the city. She is a very popular actress, and she is now in the middle of her act. She is a very popular actress, and she is now in the middle of her act. She is a very popular actress, and she is now in the middle of her act.

Geraldine Farrar Celebrates.

As a guest from strenuous work on the screen, Geraldine Farrar, Goldwyn star and world-famed diva, is going to celebrate her glorious fourth by taking a motor trip to Santa Barbara, accompanied by her husband, Lou Tellegen, and her newly-arrived friends, including Maurice Decker of New York; also Mr. and Mrs. Percy Hilburn and Robert Lusk. The party will be accompanied by a picnic luncheon to be enjoyed en route, in order that there may be no doubt of the nation's birthday being fittingly celebrated.

Jimmie Britt Visits.

Jimmie Britt, former 135-pound champion of the world, and now a member of the cast of "The White Heather," is now in the city. He is a very popular actor, and he is now in the middle of his act. BIG SHOW WORLD MERGER.

[EXCLUSIVE DISPATCH.]

NEW YORK, July 3.—Significant in its far-reaching influence on both stage and screen production a deal was closed here today by which the Famous Players-Lasky Corporation acquires the theatrical producing company founded by the late Charles Frohman, and which still bears his name. The company will be operated in future in association with the motion picture enterprise. It will, however, be continued as the Charles Frohman, Inc., and as a separate entity, with Adolph Zukor as president, and Alf Hayman, as treasurer and general manager.

Immediate steps will be taken for an enlargement of the interest and activities of the Frohman company, and to this end it is probable that theaters will be acquired in various cities. Another result of the transaction will be, that not only will the Frohman plays all be shown on the screen, but that many of the best plays of the past will be produced on the stage. The following statement was issued by the Famous Players-Lasky Corporation concerning the significance of the deal:

"Elaborate seasons of dramatic entertainment are being planned for both the Empire and Lyceum theaters in New York, which are controlled by Charles Frohman, Inc., and in the presentation of plays of the Charles Frohman, Inc., and the Klaw and Erlanger circuit of theaters throughout the United States, as well as the foreign connections of the play producing company, will be fortified and expanded under the new arrangement. It is extremely probable that new theaters devoted essentially to the legitimate drama, will be erected."

"Artcraft" pictures will draw upon Charles Frohman, Inc. for screen

PROBLEM HANDLED ON.

Council Puts Carillo-Street Snarl Up to New Board.

The new City Council, which assumes its duties on the 7th inst., will have to have to deal with the problem of the Carillo-street snarl, which has made much trouble for the Council just retiring. Yesterday the council deferred action on the matter until the 14th inst.

HUSBAND LEFT OFF.

Chicago Woman Left Five Dollars Out of Estate Here.

Anna E. Holman, who died in Chicago on December 4, last, left \$5 to her husband, Guy W. Holman, whose address she did not know, and the residue was left, share alike, to Mrs. Mix and Henry C. Buhoup, an uncle, of Chicago. Mattison B. Jones is attorney for the estate.

COMING TO QUINN'S.

Mae Murray will divert the patrons of Quinn's next week with her greatest success "The Delicious Little Devil" one of the most amusing comedy dramas ever produced.

STRONG SUPPORT FOR THE SYMPHONY.

PERSONNEL OF BOARD IS INCREASED; ENGAGING MUSICIANS.

The Los Angeles Symphony Orchestra Association held a board meeting, yesterday afternoon, at which propositions were voted on to make of the organization something surpassing anything previous in its twenty-two years of existence. The salary list for the coming season will amount to \$81,000, and there are to be daily rehearsals, it was announced. The advisory board was enlarged to include the following members: Dr. Norman Bridge, Hugh Stewart, Dan Murphy, Henry S. McKee and W. G. Kerckhoff.

Musicians are being engaged from several large cities.

It is our intention," said J. T. Fitzgerald, chairman of the executive board, "to make of our corporation, which is the oldest musical organization of the city, not only a civic pride, but a musical satisfaction, and we have the necessary funds and library. There will be a series of popular concerts, to be given at intervals throughout the season, as the demand requires them. For a city of this size there is sure to be a divergence of taste, and while we shall make every effort to provide the cultured musical taste with the finest things of the old masters, and the interesting things of the new, we will also cater to the desire of meeting popular tastes."

"Our clientele is large, we have concluded a successful season, and we are on the high road to a more successful one."

The programs for the coming year are in process of arrangement, and Mrs. Sherman Hoyt, president of the board, is now in the East signing contracts for the soloists, which there are to be many of prominence and distinction.

SEEK CONDUCTOR FROM THE EAST.

NEGOTIATIONS ARE PENDING FOR LEADER OF PHILHARMONIC.

The personnel of the proposed Philharmonic Orchestra is increasing daily, and is made up of the best musicians available for the purpose of the organization, which promises an alluring outlook. It has been decided not to engage a local man as head of the orchestra, although Henry Schoenfeld, who has been suggested for the post, will probably conduct some of the popular concert which will be a part of the season's performances.

The manager of the orchestra is in communication with several well-known conductors of the East, but as yet none has been decided upon. The personnel of the orchestra is nearly complete, but the choice of a conductor must be left to the conductor.

It has been rumored that the managers are negotiating with Emil Oberhofer, conductor of the Minneapolis Symphony Orchestra, but it is understood that the latter's contract will hold him for the season in Minneapolis. Henry Rothwell, former conductor of the Symphony Orchestra of St. Paul, the Poplar Concert Society and the St. Louis Symphony, is also being considered.

PATRIOTIC COMMUNITY SING.

The Municipal Chorus of the Arroyo Seco Playgrounds will give a patriotic concert at the playgrounds tonight, at 7 o'clock.

The chorus is one of a chain of such organizations which the City Playground Department is fostering. Joseph Dupuy is teaching and directing the work, which is proving to be a great success. The chorus will be assisted by Miss Minnie Scher, coloratura soprano; Maud Reeves-Baron, mezzo-soprano; and Albert MacGillivray, tenor. Gerald Goldwater, bass; the Walton Quartette (four brothers), and a group of Orpheus Quartette, will be the accompanists.

HOUDINI EPISODE STAYS.

Owing to the retention of David Wark Griffith's latest photoplay, "True Heart Susie" for another week, Clune's Broadway management announces the second episode of the great thrilling Houdini serial, will also be held over.

HALL MAY GO EAST.

When Oliver Morosco produces "Civilian Clothes" at one of his New York theaters in September, Thurston Hall will play the leading role, the one he has created here at the Morosco, if negotiations now under way with the star can be carried out. A special matinee of the Buchanan play will be given today.

STILL BUYING STAMPS.

However, Federal Official Warns Each Taker He Can't Sell Liquor.

In spite of the fact that the country is now officially dry, there are still many calls for "internal revenue stamps" at the office of Collector Carter, but applicants are individually warned that the payment of the stamp carries with it no right to sell any kind of liquor in violation of any prohibition law, local, State or national.

Special Agent. Keep, of the Department of Justice, has instructed his men to look into every case of reported beer or wine selling, and procure such evidence as may be needed for possible future prosecutions. No reports have reached Federal officials in this district, of any brewing concern resuming the production of beer of any kind.

URGES A COMPROMISE.

Another chapter was added to the long drawn-out controversy between the Board of Public Works, Clune's Broadway management and the Public Service Commission as to who shall pay for the replacement of brick paving on Flower street, made necessary by damage done by the bursting of a water main. The City Council, after both fire and public safety departments had refused to become responsible for the outlay made by the Board of Public Works, yesterday requested the Public Service Commission to pay \$231.19 and the Fire Commission to pay \$231.19.

HOLLYWOOD WOULD ADD TO ITS FIRE DISTRICT.

The Hollywood Board of Trade yesterday filed for presentation to the Council a petition for a change and extension of the boundaries of fire district No. 4, which includes the business district of Hollywood. The change asked for is as follows:

A fire district with boundary line 150 feet north and south of Hollywood boulevard, and extending from La Brea avenue to Vermont avenue along Hollywood boulevard. On Highland avenue from Franklin to Sunset boulevard, and extending 150 feet in depth on the east and west side of Highland avenue. On Cahuenga avenue from Tuca to Sunset boulevard, and extending 150 feet in depth on the east and west side of Cahuenga avenue, and also 150 feet in depth on the north and south sides on Sunset boulevard from Wilcox avenue to Morningside Court; 150 feet on the east and west sides of Western avenue, from Franklin avenue to Santa Monica boulevard.

ARMENIAN FILM TO CLOSE.

Saturday night will mark the close of the engagement of "The Auction of Souls" at Clune's Auditorium. Never before has a motion picture created such widespread interest as this wonderful production in film form of the true story of Agha Mardakhan, the Armenian film, who was the only one of the many thousands of her people who were being persecuted and massacred by the Turks to escape and give the world the truth of her terrible experiences.

WIFE KILLED: ASKS BIG SUM.

Gilbert S. McNeil, in a suit filed against Frank E. Fay yesterday, demanded \$50,000 damages for the death of his wife, Patricia McNeil, who was killed in an elevator accident a week ago. The negligence of the operator in the Fay Building was charged in the complaint.

HIS CHARGE WON.

Wife Accuses Soldier; He Counters Gets Decree She Sought.

Herman F. Crede, who served Uncle Sam in France, was so fond of his wife, Grace S. Crede, that when he went with the troops to Arizona, he wrote her a letter, remorseful in tone. He said he was there to expiate the past.

"It will be the coming years that will tell if I have sinned beyond pardon," he wrote.

Mrs. Crede charged her husband with desertion and non-support. In a cross-complaint, Mr. Crede alleged that his wife was too fond of Arthur Brown. The case was tried by Judge Crail. He gave Mr. Crede a decree on his cross-complaint, awarded him \$500 as his share of the community property, and gave the children into the custody of his grandmother.

WIFE KILLED: ASKS BIG SUM.

Gilbert S. McNeil, in a suit filed against Frank E. Fay yesterday, demanded \$50,000 damages for the death of his wife, Patricia McNeil, who was killed in an elevator accident a week ago. The negligence of the operator in the Fay Building was charged in the complaint.

HIGHER PRICES ARE PREDICTED.

Expect Shortage of Supply in the United States.

Reserve Board Warns Against Too Loose Credit.

Investing Public Should Finance Shipments.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 3.—In warning that still higher prices and a greater shortage of supply might be expected in the United States if foreign purchases are permitted to continue on the same basis as the last few years, the Federal Reserve Board in its July bulletin, made public today, declared the war period in exportation had come to an end and that it now is the duty of the investing public to finance shipments needed by Europe.

"There is a shortage of many essential materials and commodities in the world at large," the board said. "Increased credit demand for goods for export necessarily implies relatively decreased supply of goods for domestic use. Demand and supply are automatically equalized by changes in price, but such changes in price are, in the circumstances

here, under consideration, necessarily upward. If a large export financing process is conducted by banks out of credit, the result is to place the full credit of the country at the disposal of foreigners in purchasing and settling for domestic products which they obtain from American producers."

PROTECT CREDIT.

Such an addition to credits not based on genuine savings, the board pointed out, would mean inflation implying an increased tendency toward the bidding up of prices. In order to avoid the recurrence of such a menace, the board recommended that the basis for exports should be found in the investment market, that is, in the savings of the people and not at the banks.

"The amount of export trade securities to be held by banks must necessarily be limited to a minimum figure," the board asserted.

Such requirements of export financing probably have been overestimated, the board said, adding that some part of the export demand likely would disappear when actual commercial security was required for the protection of shipments.

RECOVER RAPIDLY.

"It is quite probable, also," the board remarked, "that as European countries succeeded in re-establishing themselves their recovery toward a self-supporting basis will be much more rapid than has been expected. Far more time is required for the expenditure of great sums in the purchase of goods than in general consumption."

"Expenditures to be made for peace purposes or for reconstruction will require care and patience if they are to yield returns under competitive business conditions. They cannot be overhastily made, and this will in itself ease the urgency of the pressure for export financing."

POLICE CHIEF HAS SIX JOBS.

Resignation Would Create Many Vacancies, so it Restores on Table.

The financial resources of the thriving city of Los Angeles are not to be dissipated if Mayor John W. Ord can prevent a waste of the public funds. This is the reason advanced for tabling the resignation of Harry Meyer as Chief of Police, which was passed to the chief executive yesterday.

"Do you think we're going to let Meyer get away," the Mayor explained, "and then have to hire six men in his place? Not by a jugful. He'll continue to be Chief of Police, Chief of the fire department, plumbing inspector, tax collector, health officer and superintendent of streets, just as if nothing had happened."

PRINCE OF WALES IS GIVEN FAMOUS HOUSE.

KING MAKES SON PRESENT OF HIS FORMER RESIDENCE: YOUNG MAN POPULAR.

(A. P. FOREIGN CORRESPONDENCE.)

LONDON, May 26.—The Prince of Wales is now 25, and King George has decided that he should have as his own residence, York House, St. James, the home of his boyhood days, has been selected.

Except that it lacks a garden and a garage, York House is regarded as an admirable residence. Decorators are now preparing it for the prince, who will move in about a month. His household will not be large.

York House formerly was the property of the King of Hanover, who refused to let Queen Victoria have it. But after his death she was able to offer it to the widowed Duchess of Cambridge. Subsequently the house was occupied by the Duke of Clarence and the present King and Queen. Its most recent occupants have been the late Lord Kitchener and Sir William Robertson.

Since the armistice the Prince of Wales has been very much in the public eye, and his activities are diversified. He made a speech in the ring at the National Sporting Club, after the Wild-Lynch contest, being introduced by Lord Londsdale, the chief figure of the British sports world. He spoke also at the dinner of the Royal Academy, on the eve of the opening of the annual exhibition, which was attended by a great gathering of notables.

He has been initiated into the Free Masons, following in the footsteps of his grandfather, King Edward, and his great uncle, the Duke of Connaught, and has become an honorary member of two of the old city trade guilds.

Recently the prince flew over London in an airplane, piloted by one of the most daring army flyers, and looped the loop and went through the most up-to-date programs of stunts, which the more conservative aviators have begun to discourage since the end of hostilities.

BUTLER TO GET TRAFFIC POST.

Home Announces Acceptance of Position of Chief.

E. M. Daugherty is Named as Executive Secretary.

Three Veterans in Running as Detective Captain.

Chief of Police Butler will be retained in the police department and allowed to hold his civil service grade of police captain, according to Captain of Detectives Home, who yesterday announced that he will accept the position of Chief of Police offered by Mayor-elect Snyder. Capt. Home will take office as chief July 7 and will appoint E. M. Daugherty, a newspaper man, as executive secretary.

Capt. Home declared that no sweeping changes in the police department will be made when he takes office. Chief Butler, he says, will be placed in a position where his life study of traffic will be of the best use to the department. When Mr. Butler was appointed Chief of Police he held the rating of lieutenant of police, but while holding office as chief he took a civil service examination and was appointed police captain.

Capt. Home declared that he will appoint as acting captain of detectives one of the present lieutenants of detectives. It is believed that either Lieut. Grant Roberts, C. R. Moffatt or J. C. Chapman will receive the appointment.

WARN AGAINST CHARITY FAKER

Man Dupes Many by Posing as Solicitor for Los Angeles Orphans' Home.

A warning was issued yesterday by the Los Angeles Orphans' Home against an impostor posing as a solicitor for the institution. For several days, accompanied by a small boy, he has been soliciting funds in the fashionable residential districts, representing himself as an agent of the institution and stating the money was to be used to give the orphans a vacation. He has collected considerable sums. Officials of the home state that a beach cottage is maintained for the recreation of the orphans, and the money that supports it is donated by friends of the home. No solicitors have ever been employed to raise funds.

Gladys Hausman and John Gallagher, two half-orphans, were recently admitted to the home.

PEACE OFFICIALS ARE STRANDED AT BREST.

PARIS, July 4.—The news came to light today that the peace commission personnel was bottled up in France a little while several weeks ago when orders were issued that transports hence forward would carry only the American Expeditionary Force officers and men. Red Cross, Y.M.C.A. and other welfare workers were left stranded in Brest.

The orders originally were issued by the Secretary of War in Washington and barred everyone except American troops.

Special couriers from the Peace Conference en route to Washington were refused permission to board transports at Brest. At the best transports are considerably faster than the French liners and as the latter were booked to capacity for weeks and months ahead, the Peace Conference had to get busy to get the orders changed.

Gen. Pershing came to the rescue and Secretary of War Baker lifted the blockade.

Various experts who had served on different special commissions and had advised the big four were among those temporarily held up.

TOT'S PRAYER GETS ANSWER.

Interests Others in Case of Her Father in Jail.

Child to be Allowed to Ask Habeas Corpus Writ.

Parent has Two Families; His Employers Praise Him.

When Pauline Fanning, 11 years old, heard a speaker at a prayer meeting at the Bible Institute Wednesday night ask if anyone wished to have any person prayed for, the child arose promptly.

"I want you to pray for my father," she said tearfully. "He is in jail. He is a good man."

The girl made such a strong plea that several persons took the case up with Public Defender Wood. Marshall Fanning, the father, 45 years old, was arrested June 23 by Deputy Sheriff Fox and Nolan on a charge of failure to provide for three minor children living with his second wife at Canyon City, Colo. He has three other children by his first wife here who he is caring for—Pauline, 11, Effie, 14, and Eva, 18.

At the instance of the Public Defender, David D. Salles, an attorney, prepared a writ of habeas corpus in which the daughter, Pauline, will sign, to gain possession of her father. It will probably be the first case where a child of that age seeks a writ of habeas corpus for her father.

The writ is to be filed Saturday or Monday, being delayed yesterday on account of a crowded calendar.

Fanning is employed at a local warehouse, and is so well thought of there that his employers offered to guarantee to send a certain sum each month to Colorado for the support of his three children there.

deputy sheriff is on the way here to take Fanning to Colorado for trial. If he gets here before the writ is heard in court, the writ may be denied. While the father is in jail the youngest daughter here is being cared for by a local welfare association and the other two girls by friends.

POLICE HAD BUSY YEAR.

City Prosecutor Widney sent to the City Council yesterday a summary of the year's work in the department of city prosecution. This shows that there were 34,605 cases in the police courts, of which 30,589 were ordinance violations, 3558 were state law misdemeanors and sixty were search warrants. Defendants in 483 cases demanded jury trials.

TO GET "TIMES" VIA AIR.

Aviator to Leave Today on Long Flight.

All Aboard for Bishop, via Mojave.

A. L. Parker, circulation manager of The Times, is delivering a package of papers to Lieut. Elton L. Brown, who is to inaugurate Los Angeles-Owens Valley airplane delivery system today. The other man is Lieut. Brown's mechanic.

THE plane owned by L. C. Brand, president of the Title Guarantee and Trust Company, Lieut. Elton L. Brown, former army aviator, will leave at 6 a.m. today for Bishop, via Mojave, to deliver The Times to subscribers in these two cities. It is the plan of Lieut. Brown to deliver the papers at Mojave an hour after leaving here. They will arrive at Bishop an hour and a half later.

At first it was planned to make a nonstop flight from this city to Bishop, but this was afterward changed to allow the delivery of The Times to Mojave. There is a

good landing place at Mojave, and by stopping there the papers may be received by subscribers several hours earlier than usual.

The start will be made from Mr. Brand's home west of Glendale. After delivering the papers to Bishop the flight will probably be continued to the Brand country residence at Mono Lake.

The flight is to be made in Mr. Brand's sport airplane, the Mono Eagle, a duplicate of the Curtiss JN-4, which is equipped with a Hispano-Suiza 160-horse-power motor. The plane is almost a duplicate of the advanced training planes used by army flyers. The motor is the type that was used by Capt. Eddie Rickenbacker and other prominent American aviators.

Lieut. Brown had the airplane constructed after his own ideas. He went to New Brunswick, N. J., to buy the motor, and the plane itself was built under his personal supervision at Venice. It is equipped with three separate gasoline tanks which have a capacity of sixty gallons. The gasoline is forced into the motor by an original device invented by Mr. Brown.

The proposed delivery of The Times is the longest airplane flight across State that has ever been planned in California. Lieut. Brown is positive he will have no difficulty making the trip. He said he would be able to make a nonstop trip from this city to San Francisco, and proposes to start on such a trip upon his return here, and will deliver The Times to the subscribers in the Bay City.

CAN'T HELP 'EM NOW.

Sawtelle Must Join Westgate if It Wants Water Relief, Is Ruling.

Sawtelle cannot expect relief from its present serious water shortage through activities of the Public Service Department of Los Angeles, and its only hope for permanent relief must be through joining Westgate in the formation of a district to provide for a system to be supplied by Los Angeles aqueduct water. This was made apparent yesterday, when the Board of Public Service Commissioners approved the following report, made by Chief Engineer Mulholland:

"In the matter of the petition of the people of Sawtelle, for relief in their present painful water situation, referred to me for report:

"I beg to state that I have looked into this matter carefully, and can add nothing to what I orally reported to your honorable board at the time of the hearing. The situation is this: That even if we were in a financial position to help them, relief could not be afforded before the natural moderation of the summer weather, some three or four months hence, which would make their position tolerable with their present source of supply. The fact is that it would require an expenditure, as I have before stated, of about \$60,000, and from three to four months diligent work, and at that, the work would be of but a temporary character, whereas by joining with the Westgate annexation project, permanent service can be given and under favorable circumstances of procuring the necessary funds, the work can be completed by the beginning of next summer."

TO MAKE IT UNIFORM.

Will Repeal One Oil Ordinance so Another May Be Drawn.

Instructions were given to the City Attorney, by a unanimous vote of the Council, yesterday, to prepare and present an ordinance repealing the existing ordinance, which prohibits the operation of oil wells in the district lying northerly of North Broadway, and adjacent to a district where wells have been in operation for more than twenty years.

The subject has been before the Council and its committees for several months, and there has been much feeling exhibited at the various hearings held thereto. People who own wells directly across the street from where wells are operating, and who have been prohibited from operating them, have bitterly resented this situation. With the repeal of this district ordinance, the oil well operation in all parts of the city will come under a general regulatory ordinance, now in existence, and in order to meet requirements for betterment in some of the districts, Oil Inspector Blackmar and City Attorney Stephens were instructed to draft required amendments and present them to the Council as soon as possible.

BOARD HITS BACK.

Railroad Commission Answers Councilman's Criticisms.

Recently Councilman Conway, in a session of the City Council, was rather caustic in his criticism of the State Railroad Commission, alleging that a settlement with the city on money provided by Los Angeles for the grade crossing and union terminal survey had been long delayed, and wondering when it would be made. The board yesterday sent to the Council a statement on the subject, referring to Councilman Conway's criticisms, and declaring that if he would take the trouble to go to the City Auditor's office he would find on file monthly statements of expenditures from the fund provided by the city. The communication also stated that the engineer's report on the terminal subject is about completed and will be placed in the hands of the Council within a few days, but that it may take considerable time to complete other sections of the general report.

MANY CELEBRATIONS.

Amusement Today at All Public and School Grounds.

Varying programmes of amusement will be given today at the public playgrounds, including those at the schools, according to an announcement made yesterday. These are for the diversion of adults and children who will not take part in any of the larger celebrations. The grounds will be open from 10 a.m. to 10 p.m.

The general programme to be followed includes band and orchestra concerts, patriotic addresses, athletic contests for boys, girls, men and women, community singing, motion pictures and dancing. There will be daylight and evening fireworks and boat and canoe races at Echo Park.

Chesterfields do more than
please the Taste
They Satisfy

If you want a cigarette that does for your smoking exactly what a big, juicy beefsteak does for your hunger, you want Chesterfield.

Because Chesterfields satisfy.

It's the blend that does it—a blend of the finest selected Turkish and Domestic tobaccos.

And the blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated.

That's why it's Chesterfields or nothing, if you want this new kind of cigarette enjoyment.

MINEOLA (N. Y.) July 4.—A great British aircraft—the giant dirigible R-34, which started on trans-Atlantic flight from East Fife, Scotland, last Wednesday morning, and the Handley-Page biplane, which started from Har

Grace, N. Y., at 4:15 o'clock this afternoon, were speeding through the darkness over Nova Scotia

midnight tonight, bound for Roosevelt Field here.

At 8:40 o'clock, New York in the huge biplane, breasting along a clip of about eighty miles an hour, was reported abreast of the slow moving dirigible about fifty miles

Nova Scotia. At that hour they were about 850 miles from Mineola.

Two hours and five minutes later the speeding plane was reported on the coast of New England, about 100 miles from Sydney, far ahead of the R-34, but apparently traveling somewhat slower than before.

At this rate the Handley-Page biplane should reach Mineola about tomorrow morning.

Barring further trouble, with which the dirigible has been beset since it left England, the biplane is expected to reach Mineola about tomorrow afternoon.

ST. JOHNS (N. F.) July 4.—A message received at the Admiralty wireless station here, states the R-34 was headed for the Canadian mainland and making good progress. Officers estimated the dirigible should reach Mineola about tomorrow.

HALIFAX (N. S.) July 4.—The Handley-Page bombing plane passed over Antigonish, N. S., at 11:40 o'clock tonight, local time.

The plane was traveling at high speed and at a great height. Antigonish is 110 miles east of Halifax.

GREAT RECEPTION AWAITED.

(BY A. P. NIGHT WRITER)

MINEOLA (N. Y.) July 4.—A great crowd of motorists and spectators on foot maintained an untiring vigil throughout the day at Roosevelt Field, hoping to see the mammoth British dirigible R-34

which would make its appearance in the endless sky.

From far Rockaway to Montauk, thousands of people were gathered to see the dirigible R-34, which was expected to arrive here at 11 o'clock tonight.

From both these points and from the naval station at Cape May, N. J., and Chatham, Mass., squadrons of airplanes will fly to meet the dirigible, forming what is believed to be the greatest fleet of aircraft ever assembled on the Atlantic Coast. The dirigible R-34 will sail from Montauk Point and may be accompanied by smaller dirigibles.

The R-34 will have unassisted rather tomorrow for the completion of her flight to Mineola, according to an official meteorological report.

If the R-34 arrives here after 4 o'clock in the morning, she probably will be kept in the air until afternoon so as to conserve her fuel. Lieut. Gen. E. E. Charlton, British Naval Attaché from Washington, announced tonight.

If she reaches here during the night, she will be kept in the air until morning.
